WELCOME TO THE UNIVERSITY OF TORONTO
Established in 1827, the University of Toronto is Canada’s largest university, recognized as a global leader in research and teaching. U of T’s distinguished faculty, institutional record of groundbreaking scholarship and wealth of innovative academic opportunities continually attract outstanding students and academics from around the world. Few other universities offer as great a diversity of programs and resources.

U of T is committed to providing a learning experience which benefits from both a scale almost unparalleled in North America and from the close-knit learning communities made possible through its college system and academic divisions.

U of T has 700 undergraduate programs in Humanities & Social Sciences, Life Sciences, Physical & Mathematical Sciences, Commerce & Management, Computer Science, Engineering, Kinesiology & Physical Education, Music, and Architecture.

Located in and around Toronto, one of the world’s most diverse regions, U of T’s vibrant academic life is defined by a unique degree of cultural diversity in its learning community. The University is sustained environmentally by three green campuses, where renowned heritage buildings stand beside award-winning innovations in architectural design.

The Greater Toronto Area is the best of all worlds.

The city has, at its very core, exceptional diversity: nearly half of Toronto's residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class culture, business and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in the research centres throughout the city; in the museums and galleries, literary, music and film festivals that take place throughout the year; and in the numerous educational institutions, among which U of T is a leader.

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University’s aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George’s location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, and Design as well as the professional faculties call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

All students within the Faculty of Arts & Science on the downtown Toronto (St. George) campus are affiliated with one of seven colleges. The colleges are a home base for students and provide the advantages of a close-knit community experience within a large research university, including on-campus residences. Academic programs within the Faculty of Arts & Science are not related to college choice.

Colleges: Innis College, New College, St. Michael’s College, Trinity College, University College, Victoria College, Woodsworth College.

U of T St. George

U of T’s
Three Campuses

Students choose to study at one of our three campuses: U of T St. George in downtown Toronto; U of T Mississauga, 20 miles west of downtown Toronto; and U of T Scarborough, 20 miles east of downtown Toronto. Each campus offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, you’ll be a student at a university with global prestige.

160+

U of T has international students from over 160 countries and regions.

U of T has international students from over 160 countries and regions.
U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada’s sixth largest city, U of T Mississauga is approximately 20 miles from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga’s unique educational programs include: Canada’s premier Forensic Science degree program; a Department of Language Studies that delivers courses in 10 languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History; Theatre and Drama; Communication, Culture, Information and Technology. It is also home to one of the academies of U of T’s Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning opportunities throughout the city, from government to business to arts.

U of T Scarborough students get a head start on their futures through U of T’s only co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within UTSC’s close-knit community, students can create one-of-a-kind learning experiences. Our Bachelor of Business Administration is one of Canada’s most competitive undergraduate management programs and we offer the only International Business program at U of T. You’ll find traditional programs in the arts and sciences along with specialized programs such as Global Asia Studies, Mental Health Studies, City Studies, International Development Studies, and Molecular Biology, Immunology and Disease. UTSC’s dynamic and growing campus is surrounded by parklands and at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects including the Toronto Pan Am Sports Centre and the Environmental Science & Chemistry Building.
U of T offers exceptional range, choice and depth of study. There are 700 undergraduate programs in Humanities & Social Sciences, Life Sciences, Physical & Mathematical Sciences, Commerce & Management, Computer Science, Engineering, Kinesiology & Physical Education, Music and Architecture. We offer professional programs requiring some university preparation: Dentistry; Education; Law; Medical Radiation Sciences; Medicine; Nursing; Pharmacy; and Physician Assistant. Our School of Graduate Studies has over 280 research and professional master’s programs and doctoral programs across more than 80 departments.
Unique Learning Opportunities

Our First Year Foundations: The *One* Programs for arts, science and business students offer dynamic, for-credit learning experiences in small-group environments that build community and foster critical skills and creativity. First-year seminar courses, with no more than 24 students each, allow you to get deeply engaged with your studies and your peers.

Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success. Possibilities at U of T are also boundless when it comes to research opportunities, professional experience, co-op and international learning.

Intramural Sports

U of T boasts one of the largest intramural programs in Canada, with over 10,000 students participating every year. As the most popular co-curricular offering at U of T, intramural sport is a significant part of campus life for thousands of students. Sports include: badminton, basketball, broomball, European handball, field hockey, flag football, hockey, indoor cricket, indoor soccer, innertube water polo, lacrosse, rugby, soccer, softball, squash, table tennis, tennis, track meet, ultimate frisbee, volleyball and water polo.

Living on Campus

Your home away from home might be on one of our three campuses. Each campus offers a variety of room styles including dorm, apartment and townhouse. Residence is guaranteed for all new full-time students entering their first year of a post-secondary program for the first time, provided that they have indicated their interest in residence by completing the university's common residence application (MyRes) by March 31, and have received and accepted an offer of admission by June 1. The U of T Housing Services office is the place to get information about on- and off-campus housing. For more information, visit [uoft.me/livingInResidence](http://uoft.me/livingInResidence).
United States High School Admission Requirements

Arts, Science, Commerce/Management, Kinesiology, Music:
- Senior Year/12th Grade in an accredited U.S. high school with a high grade point average. Most programs will consider grades of "B+" to "A-" and above. Senior-year English is required for all programs.
- High scores on SAT Reasoning/Redesigned SAT (including Essay) or ACT exams (including Writing Test). Successful applicants presenting the old SAT Reasoning Test scored at least 600 in each SAT component. Successful applicants presenting the ACT had a composite score of at least 26, with a score of at least 8 (old scale) or 24 (new scale) in Writing, with some programs requiring higher scores.
- A minimum of two appropriate SAT Subject Tests or AP exams or IB courses; a combination of these options covering different subjects is also acceptable.
- Applicants should present a complete high school transcript, including first quarter or first semester midterm grades for senior year. In some cases the admissions committee will request mid-year grades for senior year before making a decision.
- Transcripts must be sent electronically by Parchment/Naviance. If your school does not use Parchment/Naviance, you can upload your transcripts through the Join U of T Applicant Website.
- SAT, AP and ACT scores should be sent to us electronically. The University of Toronto’s SAT and AP institution code is 0982 and our ACT institution code is 5366.
- Pre-Calculus can be used to meet the minimum requirement for program areas that require mathematics for admission. Those seeking admission to math, science or commerce programs are strongly advised to complete AP Calculus or locally-designed Calculus or 1 semester of college or university Calculus; AP Statistics does not provide the appropriate preparation.
- Engineering:
  - Senior Year/12th Grade in an accredited U.S. high school with a high grade point average and high scores on SAT Reasoning/Redesigned SAT (including Essay) or ACT exams (including Writing Test Component). Excellent results in senior level courses, including Math, Chemistry and Physics.
  - Competitive applicants are expected to have two years of Chemistry and Physics as well as Calculus completed or in progress by their senior year. AP or SAT Subject Tests results in Calculus, Chemistry and Physics are highly recommended, but not required. Applicants who have written AP exams, should present minimum scores of at least 4; SAT Subject tests in Math, Physics or Chemistry should be at least 650. Please note that U of T Engineering does not grant advanced standing credit for AP courses.
  - Refer to [www.discover.engineering.utoronto.ca](http://www.discover.engineering.utoronto.ca) for more complete information.

International Baccalaureate Program

Arts, Science, Commerce/Management, Kinesiology, Music:
- An International Baccalaureate Diploma, including English HL or SL is required for admission.
- Prerequisite courses can be presented at either the Standard or Higher Level.
- For programs with a Math prerequisite, Math SL or HL is required. "Math Studies" is not acceptable.
- A predicted score of 27 or more is required for a provisional offer of admission. More competitive programs require a higher predicted score.
- Final IB results must be sent to the University electronically by the International Baccalaureate Office.

Engineering:
- An International Baccalaureate Diploma, including Math, Chemistry, Physics and English. Math Studies is not acceptable.
- While the Committee accepts Standard Level (SL) courses, additional consideration is given for prerequisite courses completed at the Higher level. Additional points awarded for Theory of Knowledge and the extended essay are not considered by the Admissions Committee.
- Although most of our programs require higher scores, students with a predicted score of at least 30 will be considered for admission to the Faculty of Applied Science & Engineering. Applicants with a predicted score of below 4 in any of the prerequisite subjects will not be considered for admission.

How to Apply

Application details and deadlines can be found at: [uoft.me/applicationdeadlines](http://uoft.me/applicationdeadlines).

The recommended application deadline for all programs is November 1, 2016.

Applying to More Than One Ontario University

Apply through the Ontario Universities’ Application Centre using the “105” application: [www.ouac.on.ca](http://www.ouac.on.ca).

Applying Only to the University of Toronto

Apply using the “University of Toronto International Application” if:
- you reside outside of Canada;
- and you are not currently studying, nor have previously studied, in Canada.

The U of T International Application is available at: [www.adm.utoronto.ca/applications](http://www.adm.utoronto.ca/applications).
Immigration Information

Required Documentation

If you are not a Canadian Citizen or Permanent Resident of Canada, you must obtain a valid study permit before entering Canada. Required documents typically include:

- Offer of admission to a university
- Evidence of adequate funds
- Proof of medical clearance
- Other documentation requested by the issuing office
