U of T is a world-renowned university in a celebrated city where knowledge meets achievement, history meets future and ambition meets inspiration. Leading academics from around the world have rated the University of Toronto number one in Canada and 22nd in the world according to the 2018 Times Higher Education World University Rankings.

Acknowledgment of Traditional Land

We wish to acknowledge the land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and, most recently, the Mississaugas of the Credit River. Today, this meeting place is still home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

The UNIVERSITY OF TORONTO

A WORLD-RENOWNED UNIVERSITY

University in Canada, and 28th in the world, according to the 2018 QS World University Rankings.

Research University in Canada according to Research Infosource 2017.

University in Canada, and 23rd in the world, according to Shanghai Jiao Tong University’s 2017 Academic Ranking of World Universities.

University in Canada, and among the world’s top 10 public universities, according to IQ, News & World Report’s 2017 Best Global Universities Rankings.

University in Canada, and 27th in the world, according to the 2018 Times Higher Education World University Rankings.

University in Canada for graduate employability according to both the 2017 QS Graduate Employability Rankings and the 2017 Times Higher Education Global University Employability Rankings.

Most innovative university in Canada, according to Reuters’ 2017 World’s Most Innovative Universities rankings.

University in Canada, and 28th in the world, according to the 2018 QS World University Rankings.
The Greater Toronto Area is the best of all worlds.

The city has, at its very core, exceptional diversity: nearly half of Toronto’s residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class culture, business and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in research centres throughout the city; in our museums and galleries; in literary, music and film festivals that take place throughout the year; and in numerous educational institutions, among which U of T is a leader.

Toronto, Canada

Toronto is among the world’s TOP 15 best cities for international university students. Toronto scored highest in the area of desirability.

Toronto’s eight professional sports teams compete in the top North American leagues – the AHL, CFL, MLB, MLS, NBA NHL, NLL, and RFL. You haven’t experienced a championship run until you’ve experienced one of ours!
Students choose to study at one of our three campuses: U of T St. George in downtown Toronto; U of T Mississauga, 20 miles west of downtown Toronto; and U of T Scarborough, 20 miles east of downtown Toronto. Each campus offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or U of T St. George, you’ll be a student at a university with global prestige.

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University’s aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George’s location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Applied Science & Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, & Design, as well as the professional faculties, call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

All students within the Faculty of Arts & Science on the downtown Toronto (St. George) campus are affiliated with one of seven colleges. The colleges are: Innis College, New College, St. Michael’s College, Trinity College, University College, Victoria College, and Woodsworth College.

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada’s sixth largest city, U of T Mississauga is approximately 20 miles from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga’s unique educational programs include: Canada’s premier Forensic Science degree program; a Department of Language Studies that delivers courses in 10 languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History, Theatre and Drama, and Communication, Culture, Information and Technology. It is also home to one of the academies of U of T’s Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning experiences throughout the city that include opportunities in government, business and the arts.

U of T Scarborough students get a head start on their futures through arts, science and business co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within U of T Scarborough’s close-knit community, students can create one-of-a-kind learning experiences. You’ll find programs in management, arts and sciences, along with specialized programs such as Mental Health Studies and International Development Studies, as well as unique joint degrees, combined bachelor/master degrees and double degrees. U of T Scarborough’s dynamic and growing campus is surrounded by parklands and at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects, including the Toronto Pan Am Sports Centre and the Environmental Science & Chemistry Building.

The University of Toronto was established over 190 years ago. The university is older than the City of Toronto itself!
Did you know that graduates of Canadian medical schools are eligible for spaces in U.S. medical residency programs? Learn more at uoft.me/medschool

Unparalleled Choice

U of T offers exceptional range, choice and depth of study. Undergraduate students can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of those fields.

Build Your Own Degree

When building an Arts, Science, or Business degree, you’ll have the opportunity to choose from Specialist, Major, and Minor program options. Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Students are able to build degrees to match their own interests by mixing program areas into one Specialist, two Majors, or one Major & two Minors.

Specialists are advanced concentrations with 9 to 16 credits in one academic area. Majors consist of a concentration of courses in a specific subject area and make up 6 to 9 credits. Minors are 4 to 6 credits and allow students to explore their general interest in a subject area.

Intramural Sports
You might not be able to play for the Toronto Raptors, but with 10,000+ students competing in our intramural sports leagues every year, you’ll love being a U of T athlete. Intramural sport—our most popular co-curricular offering—is a major part of life for thousands of students across our three campuses. Enjoy our state-of-the-art facilities, and show us your skills. Our intramural sports include:
- badminton
- basketball
- broomball
- European handball
- field hockey
- flag football
- hockey
- indoor cricket
- indoor soccer
- inner tube water polo
- lacrosse
- rugby
- soccer
- softball
- squash
- table tennis
- tennis
- track meet
- ultimate frisbee
- volleyball
- water polo.

Learn more at uoft.me/sports-rec.

Beyond the Classroom
Through co-op placements, paid internships, learning abroad options in 150+ institutions, field schools, international course modules, and research opportunity programs, you’ll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness. Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific.

Learn more at uoft.me/global-learning.

Rise to Any Challenge
Not all learning takes place in the classroom, and not everyone learns in the same way. Finding the best way to balance school, work, home, and health can be daunting! We get that life is complicated, and we’re here to help. Meet with a Learning Strategist at Accessibility Services, an International Transition Advisor at our Centre for International Experience, a Campus Chaplain at the Multi-Faith Centre, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office. We’re here for you. Learn more at uoft.me/student-support.
**Application Information**

**How to Apply**

Visit [future.utoronto.ca/applying](future.utoronto.ca/applying) for application details and deadlines. The recommended application deadline for all programs is November 1, 2018. Spaces in programs are filled on an ongoing basis and programs may close before a published deadline.

Applying to More Than One Ontario University: Apply through the Ontario Universities’ Application Centre using the “105” application: www.uoac.on.ca

**Submitting Transcripts & Test Scores**

After applying, students must submit all transcripts and test scores to the University of Toronto International Application Office. Transcripts must be sent electronically by Parchment/Naviance. If your school does not use Parchment/Naviance, you can upload your transcripts through the Join of T Applicant Website and/or Engineering Applicant Portal.

SAT, AP and ACT scores should be sent to us electronically. The University of Toronto’s SAT and AP institution code is 00862 and our ACT institution code is 03636.

**United States High School Admission Requirements**

In our admission review, the University will consider your overall academic record, including SAT/ACT results, AP/ IB Subject Tests results, and high school transcripts. Admission consideration includes in-progress grades from senior year, as well as junior year achievement (where grades for senior level courses are not yet available). Admission is competitive and subject to space availability.

**Arts, Business, Commerce/Management, Kinesiology, Meds:**

- Senior Year/12th Grade: 5 courses with a high grade point average. Most programs will consider grades of B+ to A- and above. Senior-year English is required for all programs.
- High scores on Advanced Placement (AP) or International Baccalaureate (IB) courses are recommended for admission.
- Students should present a complete high school transcript, including a list of senior level courses and first quarter or first semester mid-year grades for senior year (if available). In some cases, the admission committee will request mid-year grades for senior year before making a decision.
- In some instances, Pre-Calculus can be used to meet the minimum requirement for program areas that require mathematics for admission. Those seeking admission to math, science or commerce programs are strongly encouraged to complete Pre-Calculus or locally-designed Calculus or 1 semester of college or university Calculus. AP Statistics do not provide the appropriate preparation.

**Engineering:**

- Senior Year/12th Grade in an accredited U.S. high school with a high grade point average and high scores on SAT Reasoning/Redesigned SAT (including Evidence-Based Reading and Writing) or ACT (including Writing Test Component). Excellent results in senior-level courses, including Math, Chemistry and Physics.
- Competitive applicants are expected to have two years of Chemistry and Physics as well as Calculus completed or in progress by their senior year. AP or IB Subject Tests results in Calculus, Chemistry and Physics are highly recommended, but not required. Applicants who have written AP exams, should present minimum scores of at least 4. SAT Subject tests in Math, Physics or Chemistry should be at least 650. Please note that if calculus is not completed, students will be asked to complete calculus courses.
- Students will be asked to provide results from at least 3 AP exams or IB courses; a combination of AP exams and IB courses is also acceptable.
- The U of T admission requirements are 30. Higher results are required for more competitive programs.

**International Baccalaureate Program**

- **Arts, Business, Commerce/Management, Kinesiology, Meds:**
  - An International Baccalaureate Diploma, including English HL or SL is required for admission.
  - Prerequisite courses can be presented at either the Standard or Higher Level.
  - For programs with a Math prerequisite, Math SL is required. Math Studies is not acceptable.

- **Engineering:**
  - An International Baccalaureate Diploma, including Math, Chemistry, Physics and English, Math Studies is not acceptable.
  - While the Committee accepts Standard Level (SL) courses, additional consideration is given for prerequisite courses completed at the Higher Level. Additional points awarded for Theory of Knowledge and the extended essay are not considered by the Admissions Committee.
  - Although most of our programs require higher scores, students with a predicted score of at least 30 will be considered for admission to the Faculty of Applied Science & Engineering. Applicants with a predicted score of below 30 are subject to admission only if other prerequisites are not fulfilled.

**Study Permits & Immigration**

If you are not a Canadian Citizen or Permanent Resident of Canada, you must obtain a valid study permit before entering Canada. Required documents typically include: evidence of admission to a university, evidence of adequate funds, proof of medical clearance, and other documentation required by the issuing office. Study permit information is available through Immigration, Refugees and Citizenship Canada: www.cic.gc.ca/english/study.

International students are eligible to work on or off campus part-time during the school year and full-time between sessions. Eligible international students can stay and work in Canada for up to three years after graduation. Visit uoft.me/studypermits for more information.

**Admissions Timeline**

**Application Deadline**

The recommended deadline for all programs is November 1, 2018.

Official deadlines vary. Find all application deadlines at uoft.me/important-application-dates.

**Document Deadline**

Document deadlines vary by division—for a complete list of document deadlines visit uoft.me/cie for United States High School Admission Requirements.

We encourage you to submit all required documents well in advance of the posted deadlines.

STUDY WHERE THE WORLD COMES TOGETHER.

THE Lester B. Pearson INTERNATIONAL SCHOLARSHIPS.

Covering tuition fees and living expenses for four years, the Lester B. Pearson International Scholarships at the University of Toronto offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world’s most welcoming multicultural cities, where students come from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you.

By 2020, U of T will fund 150 Pearson Scholars on an ongoing basis. Visit pearson.utoronto.ca to learn more.

Campus Tours

Our tour guides are keen to show you both the obvious and the hidden sides of the University. Book your tour online at uoft.me/campus-tours

If you have an accessibility need for a campus tour or event, please contact the host campus two weeks in advance. We will work with you to make appropriate arrangements.

Fall Preview for U.S. Students

Join us on Saturday, November 24, 2018!

Curious about life north of the 49th? If you’ll be in town, we’ll show you around! We’ve planned an entire day just for students from the United States. Enjoy an informative welcome session, campus tours, program-specific breakout sessions, a complementary lunch, and opportunities to hear from current U of T students from the U.S. Learn more at future.utoronto.ca/visit/events

Fall Campus Days 2018

U of T’s Fall Campus Days are among your best opportunities to explore our three campuses. Tour our facilities, speak with students and professors, learn about courses and programs, attend information sessions and see our residences. Counsellors will be on hand to answer any questions you may have about U of T.

• U of T St. George: Saturday, October 20
• U of T Mississauga: Sunday, October 28
• U of T Scarborough: Saturday, November 10

Register online at future.utoronto.ca/fallcampusdays
