U of T is a world-renowned university in a celebrated city where knowledge meets achievement, history meets future and ambition meets inspiration. Leading academics from around the world have rated the University of Toronto number one in Canada and 22nd in the world according to the 2018 Times Higher Education World University Rankings.

Acknowledgment of Traditional Land
We wish to acknowledge the land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and, most recently, the Mississaugas of the Credit River. Today, this meeting place is still home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
University in Canada according to the 2018 QS World University Rankings.

Research University in Canada according to Research Infosource 2017.

University in Canada according to Shanghai Jiao Tong University’s 2017 Academic Ranking of World Universities.

University in Canada, and among the world’s top 10 public universities, according to U.S. News & World Report’s 2017 Best Global Universities Rankings.

University in Canada, and 22nd in the world, according to the 2018 Times Higher Education World University Rankings.

University in Canada for graduate employability according to both the 2017 QS Graduate Employability Rankings and the 2017 Times Higher Education Global University Employability Rankings.

Most innovative university in Canada, according to Reuters’ 2017 World’s Most Innovative Universities rankings.
Whether you’re considering what to study or how to get involved in student life, an unparalleled array of choices awaits you. Over a long and proud history, we’ve pushed the limits of knowledge and innovation. What began in 1827 as a small college has evolved into a globally recognized research and teaching powerhouse, consistently ranking among the world’s top universities. The University of Toronto has educated hundreds of thousands of outstanding individuals who have made profound impacts in every aspect of life.

Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success. Possibilities at U of T are also limitless when it comes to research opportunities, professional experience, co-op and international learning.

Each of our three campuses offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, get ready to change your future and the world. You’ll be a student at a university with global prestige – a great place to learn how to ask challenging questions, to think fearlessly and to go beyond the boundaries of conventional thought. In a world with more complexities and fewer borders, we need original thinkers to lead the next generation. Your University of Toronto degree will give you the skills you need to thrive.

YOUR SUCCESS STARTS HERE.

- U of T is located in the heart of the Greater Toronto Area, known for its extraordinary variety of things to see and do and its multicultural diversity.
- The region continues to draw the best and the brightest, who now seek world-class business, culture and education in one of the safest cities in North America.
- Whether it’s inside or outside the classroom, U of T offers you a dynamic student life with more than a thousand organizations and boundless choices to explore – athletic teams, arts and culture, academic associations and community involvement.
- The University of Toronto is committed to providing a safe space for all its members.
- Give us your enthusiasm, your dedication and four years of your time, and we’ll give you the foundation you need to make your mark on the world.
The University of Toronto continues to soar in global university rankings and is consistently ranked first in Canada.
Play ultimate frisbee, join the debate team, learn Urdu, get involved with Friends of Doctors Without Borders or organize a blood drive as part of the Stem Cell Club.

At U of T, exceptional students become extraordinary people by seeking to develop their minds, bodies and spirits. Choose from more than 1,000 student organizations, athletic teams and academic associations – or create your own.

Bring us your interests. We’ll make them your passions.

**Boundless Opportunities for Learning Inside and Outside the Classroom**

The more energy you invest in your U of T experience, the greater the rewards you’ll reap. That’s why we give you thousands of things to be passionate about. U of T’s student clubs reflect the pluralism of our community and the full spectrum of passions shared among our students, covering such diverse interests as Argentine Tango and badminton (plus more than 1,000 other groups).

U of T’s size and reputation also enable the University to bring hundreds of prominent speakers to campus. Over the years, Martin Luther King, Jr., Noam Chomsky, Jane Goodall, the Dalai Lama, Michael Ignatieff and Stephen Lewis, to name just a few, have captivated students. Just like its home cities, the University of Toronto knows how to celebrate. Annual traditions include: Ecofest, which celebrates and promotes environmental activism at U of T through movie screenings, a clubs fair, bike workshops and lectures; the U of T Festival of Dance, Canada’s largest university dance festival; and Winterfest, a tri-campus week of parties, films, concerts and more. Other favourites include Engineering’s annual comedy show, Skule Nite, University College’s annual Follies, U of T Scarborough’s annual Cultural Mosaic, U of T Mississauga Pub Nights, and Victoria College’s The Bob, a rowdy satirical revue that was first staged in 1874.

The University of Toronto has a long tradition of graduating civic and organizational leaders. Across all faculties, colleges and campuses, we offer numerous opportunities for students to develop and hone the knowledge and skills necessary to catalyze contributions of significance, including our Learning to Lead Program, Peer Facilitation Program, Community-Engaged Learning Courses and Centre for Community Partnerships. These formalized programs provide students with skills they can put into practice immediately through one of the thousands of opportunities offered by U of T’s governance and student groups.

ANCHORED by one of the world’s most culturally diverse cities, and home to speakers of nearly two hundred languages, the Greater Toronto Area is a metropolis beyond compare. Here at the University of Toronto—North America’s #1 public university for global employability—students have access to learning abroad opportunities for study, research, and externships in 160+ institutions across 40+ countries. Each year, we award over $3.5 million in bursaries and grants to foster students’ outbound learning and overseas research. And whether you’re coming or going, our team of learning abroad advisors at the Centre for International Experience (CIE) are here for you.

Visit us at learningabroad.utoronto.ca, and unearth a world of opportunity.

In September 2019, we’ll be launching a set of highly anticipated opportunities which will enable students to deepen their global engagement and receive recognition through our Global Citizens, Global Scholars, and Global Leaders initiatives. Our mission, after all, is to help you build the bridges you’ll need to make your calling your career.

Go further. Do more.

Imagine enriched learning in a tight-knit community, alongside trailblazing professors who are shaping the future of their fields. Covering tuition and living expenses for four years, our Lester B. Pearson International Scholarships offer access to an unparalleled undergraduate experience for international students.

"You learn so much from being abroad that goes beyond the classroom. It’s like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career."

– U of T Finance and Economics student and participant in the 2017 Waseda University Exchange Program.

82% of hiring managers say that employees with international experience enhance the competitiveness of their company (Universities Canada, 2014).

90% of university graduates agree that the global knowledge they gained while learning abroad contributed to their career achievements (Canadian Bureau for International Education).

Over 20% of our students hail from outside Canada.

50% of our students speak a language other than English at home.

Learning abroad opportunities with 160+ university partners all across the globe.

Toronto’s diversity has helped to make it one of the world’s Top 20 Startup Ecosystems (Global Startup Ecosystem Report, 2018).

TOP 20
Startup Ecosystems
There are 10,000 theatrical performances in Toronto’s 80 theatres annually, making the city the third-largest English language theatre destination in the world, after New York and London.

There are 1,200 stores and restaurants in the PATH, North America’s largest continuous underground network. With 30 km of walkway, PATH also connects 50 office towers, five subway stations, six major hotels and Union Station.

There are 20,371 intersections among the City of Toronto’s 10,033 streets.

Toronto has almost as many nicknames as it does neighbourhoods, and each carries the story of an era: today’s nicknames are “The Six”, “T.O.” (tee-oh) and “T-dot”.

The City of Toronto’s official motto is “Diversity Our Strength,” which speaks both to the essence of the Greater Toronto Area and to its residents.

The Greater Toronto Area is the best of all worlds.

The city has, at its very core, exceptional diversity: nearly half of Toronto’s 2.7 million residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in the research centres throughout the city; in the museums and galleries, literary, music and film festivals that take place throughout the year; and in the numerous educational institutions, of which U of T is a leader.

Celebrations

The city knows how to throw a party. Annual traditions include: the Toronto International Film Festival, which brings hundreds of movies and parties to the city every September; Nuit Blanche, an all-night outdoor art exploration; Caribbean Carnival, one of the largest festivals of Caribbean music, dance and artisanship; North by Northeast (NXNE) Music Festival, a showcase of 1,000+ indie bands, and much more; over three nights, Toronto Jazz Festival, which infuses Nathan Phillips Square with cool jazz on warm nights; and one of the largest Pride Week celebrations in North America.

Transit

Each campus is well connected and accessible to the GTA by public transit. Toronto’s transit system (TTC) is fast, clean and reliable. Subways, buses, streetcars and light rail provide frequent and comprehensive access across the region. U of T also offers direct shuttle bus service between U of T Mississauga and U of T St. George. U of T Mississauga students receive a MiWay (Mississauga Transit) travel pass valid for unlimited travel while enrolled in courses. If you prefer self-propelled transportation, you’ll love this city of cyclists, with its bike lanes and ubiquitous ring-on-a-stick ‘parking’ spots.

Mississauga

Just west of Toronto, Mississauga is Canada’s sixth largest city. It mixes urban, suburban and natural living. Marvel at the engineering wonder of the Absolute Towers, 50- and 56-storey towers that torque 180 degrees. Stroll along the 13 km waterfront of Lake Ontario. Catch a pro athletic game at the Hershey Centre. Grab a performance or exhibit at the Living Arts Centre. Shop at Square One, Canada’s second largest mall.

Annex

The St. George campus is nestled beside the Annex, a century-old neighbourhood known as much for its intellectual and cultural offerings as for its maple-lined, one-way streets and grand Victorian homes. It is also within walking distance of numerous international communities and Queen Street.

International Villages

All situated close to the St. George campus, you can buy fresh ginger at the Chinatown street market, listen to Fado in Little Portugal, or watch the World Cup at an espresso café in Little Italy. India, Korea and all other curves of the globe are represented, creating Toronto’s mosaic that includes numerous communities united by a distinct culture, yet an integral part of the city’s overall personality.

Queen Street

Toronto’s cool factor is evident along Queen Street West and area. A short distance from the St. George campus, vintage clothing shops and vendors selling handmade jewelry coexist with stores offering the freshest styles from local indie designers. The wide sidewalks are bustling with patios in warm weather and a variety of live music can be found each night of the week ranging from rock to jazz.

Scarborough

Located in the eastern part of Toronto, Scarborough showcases some of the city’s most popular and intriguing landmarks. The ScarboroughBluffs are 15 km of earthy cliff shoreline along Lake Ontario. Rouge Park is Canada’s first urban national park and the largest urban park in North America. The Toronto Zoo is the world’s third largest zoo, renowned for its education and conservation activities. Accessible by public transit, the area is Toronto’s greenest, and is also one of the most diverse and multicultural neighbourhoods in the city; U.S. economist Tyler Cowen calls it the “best ethnic food suburbs”.

T.O.

Toronto is the second-largest city in Canada, after Montreal. It is one of the most multicultural cities in the world. Toronto is also one of the most economically diverse cities in the world. The city is home to a large number of people who have come from all over the world to build a better life for themselves and their families.

The Greater Toronto Area is the best of all worlds. The city has, at its very core, exceptional diversity: nearly half of Toronto’s 2.7 million residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.

MAKE YOUR MARK!

First Year Foundations: The One Programs

If you’re a first-year arts, science or business student, choose to take advantage of U of T’s First Year Foundations: The One Programs’ learning opportunities. Through interactive group work, travel or community engagement, these programs will help you transition successfully to university life, as well as build critical thinking and writing skills, intellectual independence and creative imagination.

These dynamic small-group offerings allow you to network with peers, mentors and professors, and explore a broad range of compelling issues. Take some time to read more about U of T’s first-year learning options to determine which is right for you.

uoft.me/foundations

Vic One: Pursue the award-winning Vic One Program – the first One program launched in 2003. Intellectual curiosity is encouraged as students pursue interdisciplinary studies in one of eight Vic One streams focusing on the humanities, social sciences, education, business leadership, physical and mathematical sciences, creative arts and society, and the life sciences. Engage with stimulating guest speakers, experiential learning opportunities, peer mentors and your professors. Enjoy small discussion-based seminars that help you develop strong critical thinking, research and writing skills providing you with a solid foundation for success.

Number of credits: 2 credits via 2 half-credit courses

uoft.me/newone

Woodsworth One: Are you seeking small classes, but a big community? Interactive, hands-on learning? Skills-building for academic success? Then Woodsworth One is for you!

Number of credits: 1 credit (via 2 half-credit courses)

uoft.me/woodsworth-one

Trinity One: Since 2005, the Margaret MacMillan Trinity One program has been a destination for students looking to challenge themselves in an intellectually engaging and supportive environment. We offer six streams: Policy, Philosophy, & Economics; Ethics, Society, & Law; International Relations; the Anne Steacy Biomedical Health Stream; the Butterfield Environment & Sustainability Stream; the Anne Steacy Medicine & Global Health Stream. In addition to seminars, students attend monthly co-curricular talks with leading scholars, as well as other social and academic events designed to open up doors within the University.

Number of credits: 2 credits

uoft.me/trinityone

Innis One: The Creative City

Inns One encourages you to foster your creative and critical capacities by exploring the dynamism of the urban environment through the lens of the College’s three academic programs: Cinema Studies, Urban Studies and Writing and Rhetoric. Through imaginative, inquiry-based and civic-minded learning, you will gain new insights on the interplay between film, writing and urban landscapes. Small seminars feature films, guest lecturers and special field trips.

Number of credits: 1 credit via 2 half-credit courses

uoft.me/innis-one

New One: Learning Without Borders

We live in a globalized world. What is your role and responsibility as citizens? New One courses tackle big issues of our everyday lives that connect us, locally and globally. Food, Language, Digital Technology and Community Art. In small classes and Learning Labs that include all students in the program, you’ll explore and question these connections. You’ll deepen your understanding of the topics and build your academic skills, drawing on your own experience and trying out creative ways of learning. Your professors and fellow students, guest speakers, and visits to community organizations will inspire you as you engage with social issues that concern us all.

Number of credits: 1 credit via 2 half-credit courses

uoft.me/newone

Smc One: The Gilson, McLuhan and Boyle Seminars

St. Michael’s College offers first-year students the chance to join one of three exclusive seminars that will explore the intersections of faith with today’s most important questions.

Number of credits: 1 credit (via 2 half-credit courses) for the Gilson Seminar. 0.5 credit for the Boyle Seminar. 0.5 credit for the McLuhan Seminar. uoft.me/smcones

One: Engaging Toronto

University College’s UC One is an exciting set of small-enrollment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city’s citizenry, the health of its urban fabric, its performing arts scene and the culture and politics of its sexual diversity.

Number of credits: 1 credit

uoft.me/uc-one

Munk One: Global Innovation

Think big and innovative! Through case studies of complex global challenges, Munk One students work in small seminars to identify innovations that succeeded, how successful innovations can be fostered, and why innovative solutions sometimes fail to address global problems. Beyond the classroom, you participate in cutting-edge research labs that are tackling real-world issues. Join the rich intellectual community of the Munk School of Global Affairs & Public Policy, and team up to design projects that help address pressing challenges in cyber security, health, development, sustainability and human rights among others.

Number of credits: 1 credit

Build Your Own Degree: Specialists, Majors and Minors

When building an Arts, Science, or Business degree, you’ll have the opportunity to choose from Specialist, Major, and Minor program options. A Major consists of a concentration of courses in a specific subject area and usually makes up a third of a student’s total courses (6 - 9 credits). Specialists are advanced concentrations, where more than half of the courses will be in one academic area (9 - 16 credits). Minors allow students to explore their general interest in a subject area (4 - 5 credits). Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Programs allow students to concentrate on one or more academic areas while also taking elective courses.

Research Opportunities Program

Ready to start making your mark? Beginning in second year, the Research Opportunity Program (ROP) gives you the opportunity to conduct research outside of the classroom, working on meaningful projects with some of the University’s most renowned professors – for course credit!

Career Learning

Co-op: Fast-track your career with one of the 66 co-op program options available only at U of T Scarborough. Alternate study terms with work terms, for a total of 8 - 20 months of full-time, paid employment. Whether you’re a management student looking at international finance in a foreign context or an aspiring biologist exploring genomics at a teaching hospital, a tailored, unique experience can be found through the co-op programs.

Professional Experience Year (PEY): Students who study engineering or an applied science program at any U of T campus can participate in paid internships. Spend 12 to 16 months working alongside leaders in your field—anywhere in the world. Engineering students can also choose a four-month Engineering Summer Internship program (eSIP).

Global Learning

Our students are in classrooms all over the world. The Centre for International Experience partners with more than 150 institutions in over 40 countries to offer a variety of global opportunities, and the Summer Abroad program offers more than 39 courses in 19 countries. U of T Scarborough co-op students may participate in international work terms, field courses and more.

Service Learning

All three campuses offer you the opportunity to combine classroom learning in a credit-earning course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.

“U of T encourages students to look at the world as a practical laboratory to apply new ideas and explore different avenues.”

– Jasmeet Sidhu, journalist, activist, recent alumna

U of T offers exceptional range, choice and depth of study. Undergraduate students at U of T can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of these fields of study. 97% of our most accomplished researchers teach undergraduate classes. As a U of T student, you’ll want to take advantage of the University’s smaller learning environments. Much like the Toronto region, the University is a community of communities. Working with faculty and other students in close-knit learning groups, students can tailor their experiences to their interests and develop passions that will help them make their mark on the world.
U of T’s Three Campuses

The University of Toronto is committed to providing learning opportunities that match the diverse needs of students. Students at each of our three campuses benefit from distinctive learning environments, experiences and co-curricular opportunities, while earning the same prestigious U of T degree.

U of T St. George

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University’s aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George’s location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, and Design as well as the professional faculties call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

U of T Mississauga

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada’s sixth largest city, U of T Mississauga is approximately 27 km from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga’s unique educational programs include: Canada’s premier Forensic Science degree program; a Department of Language Studies that delivers courses in a wide variety of languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History; Theatre and Drama; and Communication, Culture, Information and Technology. It is also home to one of the academies of U of T’s Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning experiences throughout the city that include opportunities in government, business and the arts.

U of T Scarborough

U of T Scarborough students get a head start on their futures through U of T’s only arts, science, and business co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within U of T Scarborough’s close-knit community, students can create one-of-a-kind learning experiences. You’ll find programs in management, arts and sciences, along with specialized programs such as Mental Health Studies and International Development Studies, as well as unique joint degrees, combined bachelor/master’s degrees and double degrees. U of T Scarborough’s dynamic and growing campus is surrounded by parklands and is at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects including the Toronto Pan Am Sports Centre (2014), the Environmental Science & Chemistry Building (2015) and Highland Hall (2018).

Housing Guarantee

Residence is guaranteed for all new full-time students entering their first year of a post-secondary program for the first time, provided that they have indicated their interest in residence by completing the university’s common residence application (MyRes) by March 31, and have received and accepted an offer of admission by June 1.

On- and Off-Campus Housing

Each of our three campuses has a student housing office where you can get information about living on- and off-campus. For more information, visit uoft.me/myplace.
U of T St. George

St. George is the largest and most urban of U of T’s three campuses. A thriving mix of century-old architecture and urban innovation, the St. George campus includes five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide range of professional and graduate programs. Each of the seven colleges has its own residences and study spaces, giving you the advantage of combining small school surroundings with the experience of attending a large university. Across the campus, you’ll discover amazing spaces in which to work and play.

Community

U of T St. George provides an extensive range of student services, from career and academic supports, to counselling and health care, to student housing services and beyond. More than 800 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics, giving you the chance to take your learning beyond the classroom. What’s more, you’re just steps from some of Toronto’s most vibrant and eclectic neighbourhoods—so, while there are plenty of places to study and chill out on campus, it’s easy to check out the city’s arts, culture, sports and nightlife.

Resources

Life and learning on the St. George campus takes place at many diverse and innovative landmarks across campus. Experience the treasures in the 1970s larger-than-life Robarts Library or conduct some cyber-sleuthing at the Citizen Lab. Cultivate your dramatic talents at the Hart House Theatre. You will have access to some of the world’s leading minds in art, political science, philosophy, engineering, science, drama and music. After all, ten Nobel Laureates have taught, or were students themselves, on this very campus.
When you join the University of Toronto, you become part of a community. Your home away from home might be at one of our seven colleges (Innis, New, St. Michael’s, Trinity, University, Victoria, Woodsworth) or at Chestnut Residence in the downtown core.

Living on campus means having a live-in support network: your friendly neighbourhood Dons and Resident Assistants will always be right down the hall from you, and our classrooms, athletic centres, labs, and libraries will never be more than a quick dash away. Never again will you have an excuse to skip a workout—or a group study session.

Each of our residences has its own intramural teams, student councils, and social committees, not to mention delicious, cosmopolitan meal plans prepared by our in-house chefs. Each residence also offers a variety of room styles: dormitory-style residences feature single and double rooms with common dining areas, while apartment-style residences consist of single rooms that open to a shared kitchen, washrooms, and living area. Our heritage residences feature both single and double rooms. Whether you’re looking for a quiet reading nook, the chatty atmosphere of an Old World café, or an airy alcove for a late-night heart-to-heart, you’ll find it here.

For specifics on each residence’s living and dining options, check out uoft.me/residence-descriptions, or flip to the handy bulletin tucked in the back of this book.

If you’re thinking about living off campus, U of T’s Housing Services office can help you navigate the rental market and find a place that suits you. Our Off-Campus Housing service features a directory of listings, a roommate-finder service, a buy-and-sell board, and all sorts of practical wisdom on how to clinch a great apartment and make it your own. Learn more at offcampushousing.utoronto.ca.

No matter where you live, you’ll love being just steps away from all of the nightlife, sports, fashion, and fun that make Toronto one of the world’s most liveable cities.
Why Study Arts & Science
Experience the best of big and small with the Faculty of Arts & Science at the University of Toronto. Enjoy the broadest range of academic options in Canada, while also finding a small community experience through our unique college system. With the incredible flexibility and distinct learning opportunities available, the Faculty of Arts & Science offers you an outstanding undergraduate experience.

Choice and Flexibility
With over 300 programs and 4,000 courses to choose from, you can find countless ways to pursue your academic interests in a wide array of arts, science and business disciplines. Choice and flexibility are hallmarks of a Faculty of Arts & Science education. You can combine programs in vastly different academic areas to create a degree that is personalized to your interests. Interested in international relations and physics? Or computer science and Russian literature? How about human biology and actuarial science? Our flexibility gives you the freedom to mix and match your programs.

Distinct Learning Opportunities
The Faculty of Arts & Science is always striving to create innovative and exciting learning opportunities. These experiences begin right away in first year with small-group opportunities like First-Year Seminars, First-Year Learning Communities and First-Year Foundations: the opportunities. These experiences begin right away in first year with small-group opportunities. As you progress into upper years, you can travel internationally with our

Students in the Faculty of Arts & Science have access to all programs regardless of their college affiliation: your college membership does not restrict you in any way with regards to program enrollment. Why Study Architecture
The Daniels Faculty is an internationally renowned design school located in the heart of U of T St. George in downtown Toronto. Studies at home and abroad provide a dynamic laboratory for creative design, research and education. At Daniels, you will have direct access to distinguished professors, a diverse and talented group of graduate students, and a wide array of courses and academic enrichments that one of the world’s top-ranked universities, and one of its most cosmopolitan cities, has to offer.

Why Study Visual Studies
Our innovative Visual Studies program provides instruction in studio practice combined with critical discourse involving all aspects of contemporary visual culture, through lectures, seminars and field trips. The Daniels Faculty provides opportunities for students to explore studio classes that are offered in a variety of media. Courses are offered in most areas of contemporary art practice, including discipline specific and interdisciplinary studios. Visual Studies courses emphasize a strong commitment to the social, cultural and theoretical issues embodied in the current art community.

Why Study Music

Music expresses the heart, the mind and the soul. Its ability to transcend language and culture makes it accessible to anyone, regardless of age, gender or ethnicity. Musicians and music educators have the power to inspire, inform and entertain, making music one of the most enriching art forms in the world. By studying music, you will gain both a theoretical and historical understanding of music fundamentals and develop transferable skills that are suited to a variety of careers, even those outside of music. These skills include performance, composition and writing, research, presentation, teamwork and leadership.

Study Music at U of T

At U of T’s Faculty of Music, you will receive a thorough grounding in all aspects of music while specializing in one of the following degree options: Performance, Composition, Comprehensive - Classical or Jazz, History and Theory, Music Education - Classical or Jazz, or Performance - Classical or Jazz. Our outstanding faculty and location in one of North America’s most active music scenes combine to help the Faculty of Music turn out a high percentage of graduates who go on to a successful career in music.

Why Study Kinesiology & Physical Education

With the growing awareness of the role of physical activity in the optimization of health, and in the prevention and treatment of the leading causes of illness and disease, there is an increasing demand for professionals in the field of kinesiology and physical education. By studying kinesiology and physical education, you will gain a strong background in the behavioural, biophysical, and socio-cultural bases of physical activity and health, and the skills necessary to work in a variety of settings (for example: health care facilities, universities, research institutes, schools, sport organizations, recreation sites and government sport agencies).

Kinesiology & Physical Education at U of T

U of T’s Faculty of Kinesiology & Physical Education offers a compelling range of courses that provide you with theoretical knowledge, as well as an extensive and unmatched experiential education curriculum, to develop hands-on skills. Students are able to study within a small supportive community and state-of-theart facilities. The undergraduate program is accredited in Kinesiology and also in Physical Education Teacher Preparation. All courses are taught by accomplished scholars and scientists who bring their scholarship and research expertise into their classrooms and teaching labs.

>Start

All applicants to the Faculty of Kinesiology & Physical Education must submit an online Statement of Interest in addition to meeting the academic requirements. If you do not complete the Statement of Interest before the deadline, you will not qualify for admission. Complete admission information is available at uoft.me/kinesiology.

---
U of T Mississauga offers you a U of T degree in the humanities, social sciences, sciences, commerce, management, communications, forensic science, fine arts, and theatre. Stimulating research opportunities, a vibrant campus culture and a supportive learning environment, fostered by professors who are renowned experts in their respective fields, combine to form one of Canada’s best university experiences.

**Distinctive Options**

U of T Mississauga is unique amongst Canadian universities in offering both undergraduate Bachelor of Business Administration and Bachelor of Commerce programs.

**Combined Degree/Diploma/Certificate Options**

If you are looking for a degree with more practical experience, U of T Mississauga offers joint programs with Sheridan College in CCIT (Communication, Culture, Information & Technology), Art and Art History, or Theatre and Drama. The benefits of these options are that you earn both a university degree from U of T Mississauga (where you take academic classes) and a college diploma from Sheridan.

Combined Honours Bachelor's/Master's degree programs are offered in environmental management, environmental science, psychology, child study, education, and exceptionality in human learning/child study & education. Honours Bachelor of Arts/Master of Information programs are available in digital enterprise management, and communication, culture, information & technology.

**Experiential Learning**

U of T Mississauga recognizes that students need both research and practical skills to be successful following graduation. The University offers a number of ways to gain these skills.

**Academic Internships and Work Integrated Learning**

The Experiential Education Office links students to unpaid Academic Internship, Work Integrated Learning, Practica and Community Engaged Service Learning opportunities in departments and programs such as Biology, CCIT, Economics, Education, Environment/Geography, Forensic Science, History, Language Studies, Management & Commerce, Psychology, Professional Writing & Communication, Sociology, Visual Studies, and Women & Gender Studies.

**Research Opportunity Program (ROP)**

The ROP fully utilizes the benefits of an undergraduate education within a research-intensive university. Upper-year students have the opportunity to conduct research for course credit with some of the University’s most renowned professors.

**Professional Experience Year (PEY)**

Students in select programs may take a professional experience year (PEY). This 12- to 16-month paid work placement allows you to work on large scale projects, reach professional milestones, network, develop lasting professional relationships and gain significant experience outside the classroom.

More information about applying for residence is available at [uoft.me/utmresidence](http://uoft.me/utmresidence).
U of T Scarborough offers you a prestigious U of T degree through 230+ program options that span the arts, sciences, and management, including unique programs that blend disciplines and provide opportunities to apply this knowledge outside the University. U of T Scarborough provides experiential learning through U of T’s only co-operative learning programs as well as joint degree plus diploma/certificate programs, combined bachelor/master’s programs, double degrees and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society.

Career Learning

Co-op
Fast-track your career with one of the 66 co-op program options available only at U of T Scarborough. Alternate study terms with work terms, for a total of 8 – 20 months of full-time, paid employment. Whether you’re a management student looking at international finance in a foreign context or an aspiring biologist exploring genomics at a teaching hospital, a tailored, unique experience can be found through the co-op programs.

Service Learning
U of T Scarborough offers you the opportunity to combine classroom learning in a credit-earning course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.

School of Graduate Studies
U of T is where Canada goes for answers to its big questions—answers that are being provided by faculty and students of Canada’s largest and most prestigious graduate school. With unparalleled research and education facilities as well as outstanding libraries, our world-class graduate students are studying and working with the most productive research faculty in Canada. Our graduate students’ research is recognized internationally and published in leading journals; they also lead the nation in winning external research grants.

By pursuing graduate studies at U of T, you’ll be learning first-hand from some of the world’s top researchers, scholars, and professionals as they work to solve the most urgent questions of the 21st century. Under their guidance, you’ll develop the skills and reputation you need to launch into a lifelong path of intellectual discovery and professional success.

Learn more about our over 280 research and professional master’s programs, doctoral programs and diploma programs. Explore the potential for interdisciplinary research in more than 40 collaborative programs or the possibility to combine two existing degree programs in different disciplines with our 76 combined degree programs or pursue graduate-level academic study without enrolling in a degree program in one of our diploma programs.

Length of Program: Varies Phone Number: 416.978.4503 Information: uoft.ieu/gradstudies A complete university degree required
Working
If you’re an international student, you are allowed to work part-time while you study and may be able to incorporate paid work terms into your academic program.

Work as Part of Your Academic Program
Paid work placements are a feature of co-op programs at U of T Scarborough and the Professional Experience Year (PEY) at the Faculty of Applied Science & Engineering. U of T Mississauga and the Faculty of Arts & Science. Work terms are accessed after the first year of study. Full details are available at uoft.me/uoftscarborough and uoft.me/PEYear.

Part-Time Work
Part-time work on or off campus allows you to earn extra spending money. Not only is it an excellent opportunity to gain practical Canadian work experience, but it will also allow you to expand your social experiences. Part-time work opportunities on campus (through the Work-Study Program, for example) are available to international students at any time during your studies.

You may obtain permission to work part-time off campus following six months of study. You may also stay in the Greater Toronto Area and work full-time during holidays and between academic terms. Full details are available through the International Student Centre at uoft.me/cie.

Working after Graduation
As a graduating international student from a Canadian university, you may be allowed to stay and work in Canada, full-time, for up to three years. Details are available at uoft.me/cie.

Finding Work
The Career Centres on our three campuses encourage you to use their extensive resources at any time during your university experience. Here, you’ll find support in preparing for job interviews, researching career paths, finding part-time jobs or a full-time career. For details, visit uoft.me/careers.

Our campuses are based in the Greater Toronto Area, which produces more than half of the country’s manufactured goods and is acclaimed for its network of 15,000 technology firms: the famed southern Ontario “digital corridor.” More than 700 startups recruit actively through our online Career Learning Network.
Covering tuition fees and living expenses for four years, the Lester B. Pearson International Scholarships at the University of Toronto offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world’s most welcoming multicultural cities, where students come from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you.

By 2020, U of T will fund 150 Pearson Scholars on an ongoing basis. Visit pearson.utoronto.ca to learn more.
