Whether you’re considering what to study or how to get involved in student life, an unparalleled array of choices awaits you. Over a long and proud history, we’ve pushed the limits of knowledge and innovation. What began in 1827 as a small college has evolved into a globally recognized research and teaching powerhouse, consistently ranking among the world’s top universities. The University of Toronto has educated hundreds of thousands of outstanding individuals who have made profound impacts in every aspect of life.

We’ve also created a very special experience for students embarking on their studies. Our First Year Foundations: The One Program for arts, science and business students offer dynamic, for-credit learning experiences in small-group environments that build community and foster critical skills and creativity. First-year seminar courses, with no more than 24 students each, allow you to get deeply engaged with your studies and your peers. Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success.

Possibilities at U of T are also limitless when it comes to research opportunities, professional experience, co-op and international learning. Each of our three campuses offer a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, get ready to change your future and the world. You’ll be a student at a university with global prestige – a great place to learn how to ask challenging questions, to think fearlessly and to go beyond the boundaries of conventional thought. In a world with more complexities and fewer borders, we need original thinkers to lead the next generation. Your University of Toronto degree will give you the skills you need to thrive.

YOUR SUCCESS STARTS HERE.

- U of T is located in the heart of the Greater Toronto Area, known for its extraordinary variety of things to see and do and its multicultural diversity.
- The region continues to draw the best and the brightest, who come seeking world-class business, culture and education in one of the safest cities in North America.
- Whether it’s inside or outside the classroom, U of T offers you a dynamic student life with more than a thousand organizations and boundless choices to explore – athletic teams, arts and culture, academic associations and community involvement.
- The University of Toronto is committed to providing a safe space for all its members.
- Give us your enthusiasm, your dedication and four years of your time, and we’ll give you the foundation you need to make your mark on the world.
U of T QUICK FACTS:

- U of T offers more than 700 undergraduate programs.
- The University’s library system is the third largest in North America.
- U of T offers second-entry professional programs in Nursing, Dentistry, Pharmacy, Law and Medicine.
- The University offers more than 60 professional graduate programs and 76 combined programs.
- The University of Toronto offers over 280 master’s and doctoral level graduate programs in a wide variety of fields.
- The University is a research powerhouse, attracting $1.2 billion in research funding each year.
- The University is a leader in commercialization and the creation of new start-ups. In the past five years, U of T has nurtured the rise of 150+ companies, making it Canada’s #1 engine for research-based startups.
- Each year, U of T employs more than 3,000 students in Work-Study jobs.
- The University of Toronto’s faculty produce more research and scholarships than almost any other institution worldwide; in North America, only Harvard University publishes more academic papers.
- The University of Toronto has more than 1,000 student clubs across all three campuses.

The University of Toronto continues to soar in global university rankings and is consistently ranked first in Canada.
ANCHORED by one of the world’s most culturally diverse cities, and home to speakers of nearly two hundred languages, the Greater Toronto Area is a metropolis beyond compare. Here at the University of Toronto—North America’s #1 public university for global employability—students have access to learning abroad opportunities for study, research, and externships in 160+ institutions across 40+ countries. Each year, we award over $1.5 million in bursaries and grants to foster students’ outbound learning and overseas research. And whether you’re coming or going, our team of learning abroad advisors at the Centre for International Experience (CIE) are here for you.

Visit us at learningabroad.utoronto.ca, and unearth a world of opportunity.

In September 2019, we’ll be launching a set of highly anticipated opportunities which will enable students to deepen their global engagement and receive recognition through our Global Citizens, Global Scholars, and Global Leaders initiatives. Our mission, after all, is to help you build the bridges you’ll need to make your calling your career.

Go further. Do more.

Imagine enriched learning in a tight-knit community, alongside trailblazing professors who are shaping the future of their fields. Covering tuition and living expenses for four years, our Lester B. Pearson International Scholarships offer access to an unparalleled undergraduate experience for international students. To learn more, visit pearson.utoronto.ca

“\nYou learn so much from being abroad that goes beyond the classroom. It’s like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career.”

— U of T Finance and Economics student and participant in the 2017 Waseda University Exchange Program.

82% of hiring managers say that employees with international experience enhance the competitiveness of their company (Universities Canada, 2014).

90% of university graduates agree that the global knowledge they gained while learning abroad contributed to their career achievements (Canadian Bureau for International Education).

20% of our students hail from outside Canada.

50% of our students speak a language other than English at home.

160+ Learning abroad opportunities with 160+ university partners all across the globe.

TOP 20 Startup Ecosystems

Toronto’s diversity has helped to make it one of the world’s Top 20 Startup Ecosystems (Global Startup Ecosystem Report, 2018).
Think Outside
THE CLASSROOM.

At U of T, exceptional students become extraordinary people by seeking to develop their minds, bodies and spirits. Choose from more than 1,000 student organizations, athletic teams and academic associations — or create your own.

Bring us your interests. We’ll make them your passions.

Boundless Opportunities for Learning Inside
and Outside the Classroom

The more energy you invest in your U of T experience, the greater the rewards you’ll reap. That’s why we give you thousands of things to be passionate about. U of T’s student clubs reflect the pluralism of our community and the full spectrum of passions shared among our students, covering such diverse interests as Argentine Tango and badminton (plus more than 1,000 other groups).

At U of T’s size and reputation also enable the University to bring hundreds of prominent speakers to campus. Over the years, Martin Luther King, Jr., Noam Chomsky, Jane Goodall, the Dalai Lama, Michael Ignatieff and Stephen Lewis, to name just a few, have captivated students.

Just like its home cities, the University of Toronto knows how to celebrate. Annual traditions include: Ecofest, which celebrates and promotes environmental activism at U of T through movie screenings, a clubs fair, bike workshops and lectures; the U of T Festival of Dance, Canada’s largest university dance festival; and Winterfest, a tri-campus week of parties, films, concerts and more.

Other favourites include Engineering’s annual comedy show, Skule Nite, University College’s annual Follies, U of T Scarborough’s annual Cultural Mosaic, U of T Mississauga Pub Nights, and Victoria College’s The Bob, a rowdy satirical revue that was first staged in 1874.

The University of Toronto has a long tradition of graduating civic and organizational leaders. Across all faculties, colleges and campuses, we offer numerous opportunities for students to develop and hone the knowledge and skills necessary to catalyze contributions of significance, including our Learning to Lead Program, Peer Facilitation Program, Community-Engaged Learning Courses and Centre for Community Partnerships. These formalized programs provide students with skills they can put into practice immediately through one of the thousands of opportunities offered by U of T’s governance and student groups.

10,000+
Number of students who participate in intramural sports

60+
Alumni and peer mentorship programs across all three of our campuses

25M
Number of items in U of T’s 44 libraries
The most culturally mixed city on the continent truly is one of Earth’s closest approximations of urban paradise.” — Will Wilkinson, political essayist

10,000
There are 10,000 theatrical performances in Toronto’s 90 theatres annually, making the city the third largest English language theatre destination in the world, after New York and London.

1,200
There are 1,200 stores and restaurants in the PATH, North America’s largest continuous underground network. With 30 km of walkway, PATH also connects 50 office towers, five subway stations, six major hotels and Union Station.

20,371
There are 20,371 intersections among the City of Toronto’s 10,033 streets.

T.O.
Toronto has almost as many nicknames as it does neighbourhoods, and each carries the story of an era: today’s nicknames are “The 6ix”, “T.O.” (tee-oh) and “T-dot”.

The Greater Toronto Area is the best of all worlds.
The city has, at its very core, exceptional diversity: nearly half of Toronto’s 2.7 million residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in the research centres throughout the city; in the numerous educational institutions, of which U of T is a leader.

The City of Toronto’s official motto is Diversity Our Strength, which speaks both to the essence of the Greater Toronto Area and to its residents.

The Greater Toronto Area
Live Here

Celebrations
The city knows how to throw a party. Annual traditions include: the Toronto International Film Festival, which brings hundreds of movies and parties to the city every September; Nuit Blanche, an all-night outdoor art exploration; Caribbean Carnival, one of the largest festivals of Caribbean music, dance and artisanship; North by Northeast (NXNE) Music Festival, a showcase of 1,000+ indie bands, and much more, over three nights; Toronto Jazz Festival, which infuses Nathan Phillips Square with cool jazz on warm nights; and one of the largest Pride Week celebrations in North America.

Transit
Each campus is well connected and accessible to the GTA by public transit. Toronto’s transit system (TTC) is fast, clean and reliable. Subways, buses, streetcars and light rail provide frequent and comprehensive access across the region. U of T also offers direct shuttle bus service between U of T Mississauga and U of T St. George. U of T Mississauga students receive a MiWay (Mississauga Transit) travel pass valid for unlimited travel while enrolled in courses. If you prefer self-propelled transportation, you’ll love this city of cyclists, with its bike lanes and ubiquitous ring-on-a-stick ‘parking’ spots.

Mississauga
Just west of Toronto, Mississauga is Canada’s sixth largest city. It mixes urban, suburban and natural living. Marvel at the engineering wonder of the Absolute Towers, 50- and 56-storey towers that torque 180 degrees. Stroll along the 13 km waterfront of Lake Ontario. Catch a pro athletic game at the Hershey Centre. Grab a performance or exhibition at the Living Arts Centre. Shop at Square One, Canada’s second largest mall.

Annex
The St. George campus is nestled beside the Annex, a century-old neighbourhood known as much for its intellectual and cultural offerings as for its maple-lined, one-way streets and grand Victorian homes. It is also within walking distance of numerous international communities and Queen Street.

International Villages
All situated close to the St. George campus, you can buy fresh ginger at the Chinatown street market, listen to Fado in Little Portugal, or watch the World Cup at an espresso café in Little Italy, India, Korea and all other curves of the globe are represented, creating Toronto’s mosaic that includes numerous communities united by a distinct culture, yet an integral part of the city’s overall personality.

Queen Street
Toronto’s cool factor is evident along Queen Street West and area. A short distance from the St. George campus, vintage clothing shops and vendors selling handmade jewelry coexist with stores offering the freshest styles from local indie designers. The wide sidewalks are bustling with patios in warm weather and a variety of live music can be found each night of the week ranging from rock to jazz.

Scarborough
Located in the eastern part of Toronto, Scarborough showcases some of the city’s most popular and intriguing landmarks. The Scarborough Bluffs are 15 km of earthen cliff shoreline along Lake Ontario. Rouge Park is Canada’s first urban national park and the largest urban park in North America. The Toronto Zoo is the world’s third largest zoo, renowned for its education and conservation activities. Accessible by public transit, the area is Toronto’s greenest, and is also one of the most diverse and multicultural neighbourhoods in the city; U.S. economist Tyler Cowen calls it the “best ethnic food suburb.”
Canadian citizens and Permanent Residents who are not currently attending an Ontario high school should apply using OUAC’s “105D” application. If you were previously registered or are currently registered at U of T, apply using the “Internal” application. If you’re submitting a 105D or “Internal” application, we strongly encourage you to apply by November 1, 2018.

Document deadlines vary by division. For a complete list of document deadlines, visit future.utoronto.ca. We encourage you to submit all required documents well in advance of the posted deadlines. Once we receive your application we will send you an email acknowledgement, including full information about the next steps in the application process. Please note that deadlines and deadlines vary for part-time and non-degree applicants. To learn more, please visit future.utoronto.ca/apply/important-application-dates.

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet our English facility requirement. They’re run on each campus and range in length from six weeks to eight months. These programs include the International Foundation Program on the St. George campus (uoft.me/intlfp); the Academic Culture and English Program at UTM (uoft.me/utmace); and Academic English at UTSC (uoft.me/UTSCae).

**Admissions Timeline**

**For Applicants in Canada**

- **OUAC application opens.** If you’re attending high school full-time in Ontario, your school will give you a code to access the 101 application, typically before the end of November.

- **November 1:** Recommended deadline for all 105D and “Internal” applications.

- **Early November:** Deadline to apply for the University of Toronto National Scholarship Program. Visit uoft.me/national-scholarship for details.

- **November 30:** MyRes application deadline. See uoft.me/livingoncampus for details.

- **January 10:** Deadline for 105D and Internal applications to Applied Science and Engineering; and Architectural Studies and Visual Studies.

- **January 16:** Deadline for 101 applications to Applied Science and Engineering; Architecture, Landscape, and Design; International Foundation Program; Music; Kinesiology and Physical Education; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough.

- **February 15:** English facility test score deadline for 101 applicants. Non-101 applicants who must demonstrate English facility may have an earlier deadline to submit test results. See uoft.me/elr for details.

- **January 16:** Deadline for the International Foundation Program at the Faculty of Arts and Sciences; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough; Kinesiology and Physical Education; Music.

- **February 1:** Deadline for most supplementary applications, if applicable to your target program. Please refer to individual divisional websites for deadlines to submit any required supplementary documentation.

- **February 3:** Admissions decisions are released for 101 applicants. Please note that admissions decisions for 105D and Internal applicants may be released in late May or beyond.

- **March 31:** MyRes application deadline. See uoft.me/livingoncampus for details.

- **March 21:** MyRes application deadline. See uoft.me/livingoncampus for details.

- **June 3:** Deadline for 101 applicants to accept offers of admission.
UNIVERSITY LIFE

MAKE YOUR MARK!

First Year Foundations: The One Programs

If you’re a first-year arts, science or business student, choose to take advantage of U of T’s First Year Foundations: The One Programs’ learning opportunities. Through interactive group work, travel or community engagement, these programs will help you transition successfully to university life, as well as build critical thinking and writing skills, intellectual independence and creative imagination.

The One Programs are run through Innis College, New College, St. Michael’s College, Trinity College, University College, Victoria College, Wycliffe College, the Munk School of Global Affairs & Public Policy, U of T Scarborough and U of T Mississauga.

These dynamic small-group offerings allow you to network with peers, mentors and professors, and explore a broad range of compelling issues. Take some time to read more about U of T’s first-year learning options to determine which is right for you.

**VICTORIA ONE**
Pursue the award-winning Vic One Program – the first One program launched in 2003. Intellectual curiosity is encouraged as students pursue interdisciplinary studies in one of eight Vic One streams focusing on the humanities, social sciences, education, business leadership, physical and mathematical sciences, creative arts and society, and the life sciences. Engage with stimulating guest speakers, experiential learning opportunities, peer mentors and your professors. Enjoy small discussion based seminars that help you develop strong critical thinking, research and writing skills providing you with a solid foundation for success.

Number of credits: 2 Vic One credits + 1 Co-requisite credit uoft.me/vic-one

**INNIS ONE: The Creative City**
Innis One encourages you to foster your creative and critical capacities by exploring the dynamics of the urban environment through the lens of the College’s three academic programs: Cinema Studies, Urban Studies, and Writing and Rhetoric. Through imaginative, inquiry-based and civic-minded learning, you will gain new insights on the interplay between film, writing and urban landscapes. Small seminars feature films, guest lecturers and special field trips.

Number of credits: 1 credit uoft.me/innisone

**WOODSWORTH ONE**
Are you seeking small classes, but a big community? Interactive, hands-on learning? Skilled-building for academic success? Then Woodsworth One is for you!

**UC ONE: Engaging Toronto**
University College’s UC One is an exciting set of small-enrolment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city’s citizenry, the health of its urban fabric, its performing arts scene and the culture and politics of its sexual diversity.

Number of credits: 1 credit uoft.me/uc-one

**SMC ONE: The Gilson, McLuhan and Boyle Seminars**
St. Michael’s College offers first-year students the chance to join one of three exclusive seminars that will explore the intersection of faith with today’s most important questions. 

Number of credits: 1 credit (via 2 half-credit courses) for the Gilson Seminar; 0.5 credit for the Boyle Seminar; 0.5 credit for the McLuhan Seminar uoft.me/smcones

**UC ONE: Engaging Toronto**
University College’s UC One is an exciting set of small-enrolment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city’s citizenry, the health of its urban fabric, its performing arts scene and the culture and politics of its sexual diversity.

Number of credits: 1 credit uoft.me/uc-one

**VIC ONE**
Pursue the award-winning Vic One Program – the first One program launched in 2003. Intellectual curiosity is encouraged as students pursue interdisciplinary studies in one of eight Vic One streams focusing on the humanities, social sciences, education, business leadership, physical and mathematical sciences, creative arts and society, and the life sciences. Enjoy small discussion based seminars that help you develop strong critical thinking, research and writing skills providing you with a solid foundation for success.

Number of credits: 2 Vic One credits + 1 Co-requisite credit uoft.me/vic-one

**TRINITY ONE**
Since 2005, the Margaret MacMillan Trinity One program has been a destination for students looking to challenge themselves in an intellectually engaging and supportive environment. We offer six streams: Policy, Philosophy, & Economics; Ethics, Society, & Law; International Relations; the Anne Steacy Biomedical Health Stream; the Butterfield Environment & Sustainability Stream; the Anne Steacy Medicine & Global Health Stream. In addition to seminars, students attend monthly co-curricular talks with leading scholars, as well as other social and academic events designed to open up doors within the University.

Number of credits: 2 credits uoft.me/trinityone

**NEW ONE: Learning Without Borders**
We live in a globalized world. What is your role and responsibility as citizen? New One courses tackle big issues of our everyday lives that connect us, locally and globally - Food, Language, Digital Technology and Community Art. In small classes and Learning Labs that include all students in the program, you’ll explore and question these connections. You’ll deepen your understanding of the topics and build your academic skills, drawing on your own experience and trying out creative ways of learning. Your professors and fellow students, guest speakers, and visits to community organizations will inspire you as you engage with social issues that concern us all.

Number of credits: 1 credit (via 2 half-credit courses) uoft.me/newone

**MUNK ONE: Global Innovation**
The program offers two interdisciplinary streams. Order and Disorder focuses on crime, conflict, and law to consider the ways in which social, political, and economic orders arise and collapse. Popular Culture Today explores contemporary literature, film, and music, examining recent media trends and their effects on our lives. In both streams, students take two half-credit seminars that emphasize class discussion and small group activities; and participate in weekly co-curricular sessions featuring field trips, guest speakers, films, and workshops.

Number of credits: 1 credit (via 2 half-credit courses) uoft.me/munkone

**UTSC One**
The first year experience at U of T Scarborough offers options for small seminars, fieldwork and engaging workshops to provide you with hands-on educational opportunities. You will have a access to a multitude of resources to support your transition to university and your future success.

Number of credits: 0.5 credit for each utmONE Scholars seminar or utmONE course; can be counted toward Distinctions Requirements uoft.me/utmONE

**utmONE**
Enrich your first year at U of T Mississauga by applying for utmONE Scholars, or by enrolling in a utmONE course! Whether you’re in an intellectually stimulating seminar environment that is focused on fostering your research skills (utmONE Scholars), or in an engaging small-class setting that intensely centers on academic skill development (utmONE courses), you will experience interactive learning and make lasting, personalized faculty connections.

Number of credits: 0.5 credit for each academic course; other options not-for-credit uoft.me/utmONE

**UTSC ONE**

Number of credits: 0.5 credit for each academic course; other options not-for-credit uoft.me/utmONE
U of T offers exceptional range, choice and depth of study. Undergraduate students at U of T can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of these fields of study. 97% of our most accomplished researchers teach undergraduate classes. As a U of T student, you’ll want to take advantage of the University’s smaller learning environments. Much like the Toronto region, the University is a community of communities. Working with faculty and other students in close-knit learning groups, students can tailor their experiences to their interests and develop passions that will help them make their mark on the world.

“U of T encourages students to look at the world as a practical laboratory to apply new ideas and explore different avenues.”

– Jasmeet Sidhu, journalist, activist, recent alumna

Build Your Own Degree: Specialists, Majors and Minors
When building an Arts, Science, or Business degree, you’ll have the opportunity to choose from Specialist, Major, and Minor program options. A Major consists of a concentration of courses in a specific subject area and usually makes up a third of a student’s total courses (6 - 9 credits). Specialists are advanced concentrations, where more than half of the courses will be in one academic area (9 - 16 credits). Minors allow students to explore their general interest in a subject area (4 - 5 credits). Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Programs allow students to concentrate on one or more academic areas while also taking elective courses.

Research Opportunities Program
Ready to start making your mark? Beginning in second year, the Research Opportunity Program (ROP) gives you the opportunity to conduct research outside of the classroom, working on meaningful projects with some of the University’s most renowned professors – for course credit!

Career Learning
Co-op: Fast-track your career with one of the 66 co-op program options available only at U of T Scarborough. Alternate study terms with work terms, for a total of 8 - 20 months of full-time, paid employment. Whether you’re a management student looking at international finance in a foreign context or an aspiring biologist exploring genomics at a teaching hospital, a tailored, unique experience can be found through the co-op programs.

Professional Experience Year (PEY): Students who study engineering or an applied science program at any U of T campus can participate in paid internships. Spend 12 to 16 months working alongside leaders in your field—anywhere in the world. Engineering students can also choose a four-month Engineering Summer Internship program (eSIP).

Global Learning
Our students are in classrooms all over the world. The Centre for International Experience partners with more than 150 institutions in over 40 countries to offer a variety of global opportunities, and the Summer Abroad program offers more than 30 courses in 19 countries. U of T Scarborough co-op students may participate in international work terms, field courses and more.

Service Learning
All three campuses offer you the opportunity to combine classroom learning in a credit-earning course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.
The University of Toronto is committed to providing learning opportunities that match the diverse needs of students. Students at each of our three campuses benefit from distinctive learning environments, experiences and co-curricular opportunities, while earning the same prestigious U of T degree.

U of T St. George

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University’s aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George’s location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, and Design as well as the professional faculties call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

U of T Mississauga

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada’s sixth largest city, U of T Mississauga is approximately 27 km from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga’s unique educational programs include: Canada’s premier Forensic Science degree program; a Department of Language Studies that delivers courses in a wide variety of languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History; Theatre and Drama; and Communication, Culture, Information and Technology. It is also home to one of the academies of U of T’s Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning experiences throughout the city that include opportunities in government, business and the arts.

U of T Scarborough

U of T Scarborough students get a head start on their futures through U of T’s only arts, science, and business co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within U of T Scarborough’s close-knit community, students can create one-of-a-kind learning experiences. You’ll find programs in management, arts and sciences, along with specialized programs such as Mental Health Studies and International Development Studies, as well as unique joint degrees, combined bachelor/masters degrees and double degrees. U of T Scarborough’s dynamic and growing campus is surrounded by parklands and is at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects including the Toronto Pan Am Sports Centre (2014), the Environmental Science & Chemistry Building (2015) and Highland Hall (2018).

Housing Guarantee

Residence is guaranteed for all new full-time students entering their first year of a post-secondary program for the first time, provided that they have indicated their interest in residence by completing the university’s common residence application (MyRes) by March 31, and have received and accepted an offer of admission by June 3.

On- and Off-campus Housing

Each of our three campuses has a student housing office where you can get information about living on- and off-campus. For more information, visit uoft.me/myplace.
St. George is the largest and most urban of U of T’s three campuses. A thriving mix of century-old architecture and urban innovation, the St. George campus includes five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide range of professional and graduate programs. Each of the seven colleges has its own residences and study spaces, giving you the advantage of combining small school surroundings with the experience of attending a large university. Across the campus, you’ll discover amazing spaces in which to work and play.

Community

U of T St. George provides an extensive range of student services, from career and academic supports, to counselling and health care, to student housing services and beyond. More than 800 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics, giving you the chance to take your learning beyond the classroom. What’s more, you’re just steps from some of Toronto’s most vibrant and eclectic neighbourhoods—so, while there are plenty of places to study and chill out on campus, it’s easy to check out the city’s arts, culture, sports and nightlife.

Resources

Life and learning on the St. George campus takes place at many diverse and innovative landmarks across campus. Experience the treasures in the 1970s larger-than-life Robarts Library or conduct some cyber-sleuthing at the Citizen Lab. Cultivate your dramatic talents at the Hart House Theatre. You will have access to some of the world’s leading minds in art, political science, philosophy, engineering, science, drama and music. After all, ten Nobel Laureates have taught, or were students themselves, on this very campus.
Established over 180 years ago

65% of first-year classes in the Faculty of Arts & Science have fewer than 50 students

5 or fewer students in each First-Year Learning Community (FYL)

30 direct-entry undergraduate faculties are located on the U of T’s St. George campus

30 or fewer students in each First-Year Learning Community (FYL)
The undergraduate programs in Architecture and Visual Studies provide a broad, design and arts-based lens through which to study humanities, and gain a deep foundation in all the disciplines related to architecture, urbanism and visual art. All students complete an Honours Bachelor of Arts (HBA) degree.

The Daniels Faculty is an internationally renowned design school located at 1 Spadina Crescent, the heart of U of T St. George in downtown Toronto. Studies at home and abroad provide a dynamic laboratory for creative design, research and education. At Daniels, you will have direct access to distinguished professors, a diverse and talented group of graduate students, and a wide array of courses and academic enrichments that one of the world’s top-ranked universities, and one of its most cosmopolitan cities, has to offer.

Why Study Architecture

The Daniels Faculty prepares its graduates to imagine the future of our built environment, grounding them in innovative approaches to design. Our graduates pursue careers in a wide range of design and environmentally related fields, from architecture, city planning, sustainable building sciences, to film. Whether you eventually wish to enter the professions of Architecture or Landscape Architecture (both of which require graduate degrees at the Master’s level), or plan on a career or graduate study in a related field, the Architectural Studies program will give you unparalleled and internationally recognized academic preparation.

Why Study Visual Studies

Our innovative Visual Studies program provides instruction in studio practice combined with critical discourse involving all aspects of contemporary visual culture, through lectures, seminars and field trips. The Daniels Faculty provides opportunities for students to explore studio classes that are offered in a variety of media. Courses are offered in most areas of contemporary art practice, including discipline specific and interdisciplinary studios. Visual Studies courses emphasize a strong commitment to the social, cultural and theoretical issues embodied in the current art community.

“I was moved by what design and architecture can do to a person, how it can make you feel and stir your heart. Expect to find that you will be amazed and inspired by what you discover.”

- Student in Year 4

“There is a lot of thinking that goes outside of the physical and it really changes your perspective on not just architecture, but the way you see design, art and life.”

- Student in Year 2
Why Study Arts & Science
Experience the best of big and small with the Faculty of Arts & Science at the University of Toronto. Enjoy the broadest range of academic options in Canada, while also finding a small community experience through our unique college system. With the incredible flexibility and distinct learning opportunities available, the Faculty of Arts & Science offers you an outstanding undergraduate experience.

Choice and Flexibility
With over 300 programs and 4,000 courses to choose from, you can find countless ways to pursue your academic interests in a wide array of arts, science and business disciplines. Choice and flexibility are hallmarks of a Faculty of Arts & Science education. You can combine programs in vastly different academic areas to create a degree that is personalized to your interests. Interested in international relations and physics? Or computer science and Russian literature? How about human biology and actuarial science? Our flexibility gives you the freedom to mix and match your programs.

Distinct Learning Opportunities
The Faculty of Arts & Science is always striving to create innovative and exciting learning opportunities. These experiences begin right away in first year with small-group opportunities like First-Year Seminars, First-Year Learning Communities and First-Year Foundations: the One Programs. As you progress into upper years, you can travel internationally with our Summer Abroad courses and International Course Modules and gain exposure to research with the Research Opportunity Program and senior research courses. These opportunities complement and enhance your academic career.

Over the past ten years, more than 18,000 students have taken community-engaged learning courses supported by our Centre for Community Partnerships. The CCP has a network of 500+ partner organizations.

## The St. George Campus Colleges

As a student in the Faculty of Arts & Science on the St. George campus, you will become a member of a unique academic and social university community. Every Arts & Science student is a member of a college, a close-knit community within the umbrella of one of the nation’s top universities.

Each of the seven colleges has its own culture, yet provides similar services including: academic counselling and support; financial counselling, scholarships and bursaries; writing centres; orientation activities; accommodation; study spaces; reading rooms and computer facilities; social and cultural events; student government, newspapers and other resources.

Students in the Faculty of Arts & Science have access to all programs regardless of their college affiliation: your college membership does not restrict you in any way with regards to program enrollment. Your college membership will be an integral part of your U of T experience. Your college is where you’ll spend time between classes, where you’ll meet some of your closest friends, and find your place in the wealth of groups and activities that make up college life.

To learn more about choosing your college, visit utoronto.to/ChoosingYourCollege.
Faculty of Applied Science & Engineering

Make an Impact: Study Engineering
There has never been a more exciting time to be an engineer. While science helps us understand our world, engineering applies that knowledge to design innovative solutions to global challenges. From finding sustainable sources of energy to regenerating skin cells for burn victims to reducing traffic gridlock, engineering is a dynamic profession that improves lives.

Engineering offers many rewarding career options. Graduates work in industry and government, start their own businesses or pursue further education in engineering, law, medicine and many other fields. Wherever you want to go, U of T Engineering will take you there.

Study Engineering at U of T
U of T’s Faculty of Applied Science & Engineering is the top-ranked engineering school in Canada and one of the best in the world. At U of T, you have unparalleled opportunities to innovate, create and collaborate across disciplines as you develop the technical, leadership and entrepreneurial competencies you need to succeed in a competitive global environment. You can customize your degree through a wide range of academic options, enhance your learning through the Professional Experience Year Co-op Program and pursue your passions through rich co-curricular activities. You will also join a vibrant and diverse engineering community that draws talented students from around the world.

Academic Options
U of T Engineering offers the most dynamic engineering education in Canada, taught by world-class educators and researchers. With nine direct-entry programs to choose from, as well as TrackOne, an undeclared first-year in engineering, you will graduate with a superb foundation in engineering that is recognized globally. You will also have unique opportunities to tailor your learning through the Professional Experience Year Co-op Program and pursue your passions through rich co-curricular activities. You will also join a vibrant and diverse engineering community that draws talented students from around the world.

Contact information:
416.978.3872
uoft.me/discoverENG

Start
When you apply, you’ll choose from one of two ways to begin your journey at U of T Engineering: Core Programs or Engineering Science. All engineering programs are four years in length, and all engineering students are eligible to participate in the Professional Experience Year Co-op Program (PEY Co-op)—see below for details.

1. Core Programs
Declared
If you know which area of engineering you want to study, you can apply directly to one of the following Core 8 programs: Chemical; Civil; Computer; Electrical; Industrial; Materials; Mechanical; and Mineral. Upon completion of your Core 8 program, you’ll receive a Bachelor of Applied Science (BASc).

Undeclared
Known as TrackOne, this first-year engineering program is designed for those who are interested in exploring all fields of engineering before declaring their area of interest. At the end of first year, you will select your place in one of the Core 8 programs for the remaining three years of your degree.

2. Engineering Science
This direct-entry program is for students who are looking for an extra academic challenge. In the first half of your four-year program, you will build your foundation in math, science, computing, humanities and a breadth of engineering topics. For the last two years of your program, you will specialize in one of eight majors: Aerospace; Biomedical Systems; Electrical & Computer; Energy Systems; Engineering Mathematics, Statistics & Finance; Engineering Physics; Machine Intelligence; or Robotics. Students in Engineering Science graduate with a BASc in Engineering Science.

Professional Experience Year Co-op Program (PEY Co-op)
PEY Co-op is an opportunity to work for 12 to 16 consecutive months in a company of your choosing after third year. You can also work for an additional four months after second year, giving you up to 20 months of paid work experience before graduation. PEY Co-op is an optional program, and includes a range of career-development modules to prepare you for professional success. This program gives you unparalleled access to 1,500+ positions across every industry, and you can earn an average 12-month salary of $33,000. You’ll receive details on how to indicate your interest in PEY Co-op after submitting your OUAC application.

The Entrepreneurship Hatchery
Through The Entrepreneurship Hatchery, you will have the support you need to turn your great ideas into prototypes and successful startups, like Peter Wen’s company TeleHex (picture). TeleHex is a unique software environment that uses teleoperating parts to automatically fit the right sized key into the sockets that adjust several bicycle parts.

Troost Institute for Leadership Education in Engineering
(Troost Lead)
Successful engineers understand themselves and inspire others toward a common vision. The first centre of its kind in Canada, Troost Lead offers courses, certificates and programs to help you develop your foundation as an engineering leader. Troost Lead is part of the Institute for Studies in Transdisciplinary Engineering Education and Practice, which reference research into the most effective ways to foster qualities such as creativity, professionalism, ethical conduct and systems thinking among U of T Engineering students.
Faculty of Music

Why Study Music
Music expresses the heart, the mind and the soul. Its ability to transcend language and culture makes it accessible to anyone, regardless of age, gender or ethnicity. Musicians and music educators have the power to inspire, inform and entertain, making music one of the most enriching art forms in the world. By studying music, you will gain both a theoretical and historical understanding of music fundamentals and develop transferable skills that are suited to a variety of careers, even those outside of music. These skills include performance, composition and writing, research, presentation, teamwork and leadership.

Study Music at U of T
At U of T’s Faculty of Music, you will receive a thorough grounding in all aspects of music while specializing in one of the following degree options: Performance, Composition, Comprehensive, Music Education or History and Theory. Our outstanding faculty and location in one of North America’s most active music scenes combine to help the Faculty of Music turn out a high percentage of graduates who go on to a successful career in music. The well-connected faculty, which includes both the who’s who and rising stars of Canadian music, provide entry to the professional music world so that you will be ready to launch your career by the time you graduate.

PROGRAM CATEGORIES
- Artist Diploma
- Composition
- Comprehensive - Classical or Jazz
- History and Theory
- Music Education - Classical or Jazz
- Performance - Classical or Jazz

600 Students enrolled
6 Programs

>Start
If you live within 400 km (250 miles) of Toronto, you must audition in person. If not, you may submit a recorded audition but it is strongly advised to come for a live audition. Auditions are held in February and early March. Please review uoft.me/MusicAdmReq for guidelines.

As part of the audition and interview process, you will be asked to play pieces you have prepared and answer questions that help us assess your musical knowledge as well as your musical interests. You may audition on any standard orchestral or band instrument, classical guitar, free bass, accordion, historical instrument, piano, organ or voice. Complete admission information is available at uoft.me/studyMusic.

The Faculty of Music turns out a high percentage of graduates who go on to a successful career in music.
Why Study Kinesiology & Physical Education

With the growing awareness of the role of physical activity in the optimization of health, and in the prevention and treatment of the leading causes of illness and disease, there is an increasing demand for professionals in the field of kinesiology and physical education. By studying kinesiology and physical education, you will gain a strong background in the behavioural, biophysical, and socio-cultural bases of physical activity and health, and the skills necessary to work in a variety of settings (for example: health care facilities, universities, research institutes, schools, sport organizations, recreation sites and government sport agencies).

Kinesiology & Physical Education at U of T

U of T’s Faculty of Kinesiology & Physical Education offers a compelling range of courses that provide you with theoretical knowledge integrated with an extensive and unmatched experiential education curriculum, to develop evidence-based hands-on skills. Students are able to study within a small supportive community and state-of-the-art facilities. The undergraduate program is accredited in Kinesiology and also in Physical Education Teacher Preparation. All courses are taught by accomplished scholars and scientists who bring their scholarship and research expertise into their classrooms and teaching labs.

>Start

All applicants to the Faculty of Kinesiology & Physical Education must submit an online Statement of Interest in addition to meeting the academic requirements. If you do not complete the Statement of Interest before the deadline, you will not qualify for admission. Complete admission information is available at uoft.me/kinesiology.
U of T Mississauga offers you the benefit of earning a prestigious U of T degree with the rewards of studying at a small, intimate campus. Here, you will find undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields. At U of T Mississauga, you are surrounded by 225 acres of protected green space, while the urban bustle of Toronto city centre is just 27 km away.

**Community**

Community is the essence of U of T Mississauga. It is a place where debate is encouraged and diversity is embraced. U of T Mississauga is known as a small and friendly campus where getting involved in student life is easy. Our campus is home to more than 120 student groups and clubs. At U of T Mississauga, you can participate in arts, science, social, political and cultural events, creative exhibits, film screenings and concerts.

**Resources**

Your U of T Mississauga experience takes place across award-winning facilities, including the Hazel McCallion Academic Learning Centre, an innovative and advanced library and information complex; the Recreation, Athletics and Wellness Centre (RAWC), a state-of-the-art fitness facility; the Erindale Studio Theatre; the Terrence Donnelly Health Sciences Complex; the Instructional Centre; the Innovation Complex; and Deerfield Hall. U of T Mississauga students have access to a number of student support services such as academic coaching through the Robert Gillespie Academic Skills Centre; medical services at the Health and Counselling Centre; career counselling at the Career Centre; special needs support through Accessibility Services; support for international students; and a range of transition programs for first-year students.

Be a Part of it: Life at UofT Mississauga

- Undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields.
- The first division at U of T to obtain its own coat of arms.
- 225 acres of protected green space in a safe and picturesque neighbourhood.
- Hands on, research focused teaching and learning.
- Situated in Canada’s 6th largest city.
- The City of Mississauga is home to HP, Microsoft, PepsiCo, General Electric and Walmart Canada headquarters.
- The autonomous campus paper, The Medium, began in 1969 as The Erindalian and was later known as Medium II to signify the second medium on campus after radio.
- With a length spanning 1,500 kilometers, the Credit River runs through the campus on its way to Lake Ontario.
- Your U of T Mississauga experience takes place across award-winning facilities, including:
  - Hazel McCallion Academic Learning Centre
  - Recreation, Athletics and Wellness Centre (RAWC)
  - Erindale Studio Theatre
  - Terrence Donnelly Health Sciences Complex
  - Instructional Centre
  - Communication, Culture and Technology Building
  - Innovation Complex
  - Deerfield Hall

170+ program options
14,885 students enrolled
110 areas of study
All first-year undergraduate students are placed in a fully furnished room and share a bathroom with one to three other students, depending on the type of housing. Each residence is equipped with study rooms, common lounges and laundry facilities.

All first-year students living on campus are placed by program of study. Along with a place to stay, you gain a peer support network to help you navigate your first year at university.

U of T Mississauga houses more than 1,500 students and offers the most diverse range of options within the U of T community. Four unique residence styles provide everything students need to ensure they make the most of their experience!

Price Range: $11,000-$15,000
Select from 173 program options among 110 areas of study that are enriched by the opportunity to work in university and industry-based research labs, work placements, internships and mentorship programs.

Distinctive Options
U of T Mississauga is unique amongst Canadian universities in offering both undergraduate Bachelor of Business Administration and Bachelor of Commerce programs.

Combined Degree/Diploma/Certificate Options
If you are looking for a degree with more practical experience, U of T Mississauga offers joint programs with Sheridan College in CCIT (Communication, Culture, Information & Technology), Art and Art History, or Theatre and Drama. The benefits of these options are that you earn both a university degree from U of T Mississauga (where you take academic classes) and a college diploma or certificate from Sheridan.

Combined Honours Bachelor’s/Master’s degree programs are offered in environmental management, environmental science, psychology/child study & education, and exceptionality in human learning/child study & education. Honours Bachelor of Arts/Master of Information programs are available in digital enterprise management, and communication, culture, information & technology.

Experiential Learning
U of T Mississauga recognizes that students need both research and practical skills to be successful following graduation. The University offers a number of ways to gain these skills.

Academic Internships and Work Integrated Learning
The Experiential Education Office links students to unpaid Academic Internship, Work Integrated Learning, Practica and Community Engaged Service Learning opportunities in departments and programs such as Biology, CCIT, Economics, Education, Environment/Geography, Forensic Science, History, Language Studies, Management & Commerce, Psychology, Professional Writing & Communication, Sociology, Visual Studies, and Women & Gender Studies.

Research Opportunity Program (ROP)
The ROP fully utilizes the benefits of an undergraduate education within a research intensive university. Upper-year students have the opportunity to conduct research for course credit with some of the University’s most renowned professors.

Professional Experience Year (PEY)
Students in select programs may take a professional experience year (PEY). This 12- to 16-month paid work placement allows you to work on large scale projects, reach professional milestones, network, develop lasting professional relationships and gain significant experience outside the classroom.

Start
Deciding that U of T Mississauga is the campus for you is the first step towards admission. Complete admission requirements to all of U of T Mississauga programs are available at uoft.me/studyUTM. Offers of admission are typically made between February and late May.
Earn a prestigious U of T degree while benefitting from U of T Scarborough’s cutting-edge research, outstanding faculty renowned in their fields, vibrant student life, and hands-on experiences to build quality resumes.

Three hundred acres of beautiful parkland coupled with easy access to Toronto’s city centre serve as an inviting background for undergraduate studies in the arts, sciences, and management. U of T Scarborough is the only campus to offer co-op programs which feature degree studies plus work experience in a wide range of fields and industries. Our intimate campus setting allows you to easily engage with your classmates and get to know your professors while earning a degree from Canada’s premier university. The opportunities to get involved within this lively, close-knit community are boundless.

Building relationships is made easy through the more than 200 student clubs and the wide variety of activities. You can get involved in academic, athletic, cultural and recreational groups. U of T Scarborough’s artistic community is active and vibrant; budding artists or performers will find it both stimulating and inviting.

U of T Scarborough is committed to ensuring student success, which means you can benefit from numerous programs, services and workshops to ensure you reach your full potential.

As a student, you will have access to great facilities, including the new Environmental Science & Chemistry Building where research and teaching will focus on environmental issues such as climate change, groundwater pollution in urban settings, restoration of degraded environmental systems, and rising sea levels; and the Student Centre, which is home to the student union, a media room, multi-faith prayer rooms, a food court, a restaurant and pub, and the Department of Student Life.

The Toronto Pan Am Sports Centre was one of the major sites for the 2015 Pan American/Parapan American Games. This complex now offers U of T Scarborough students a vast array of recreational and personal fitness programming and innovative educational opportunities. With world-class training facilities, two Olympic-sized pools, multi-level diving boards, a four-court gymnasium, an indoor track, a rock climbing wall, an entire weight and cardio floor, and a centre for high performance sports, our students will be exposed to the very latest and greatest in technology, equipment and athletic theory.
Be a Part of it: Life at U of T Scarborough

At U of T Scarborough, you can select from 230+ program options and more than 1,100 course offerings spanning the arts, sciences and management. Combine programs in interesting ways to create a truly unique U of T degree.

**Learning by Doing**

U of T Scarborough offers a myriad of opportunities to put knowledge into practice, thereby reinforcing theories taught in class by their application within the real world. All students benefit from developing ‘soft skills’ such as communication training, with specific opportunities: Co-op programs, Service Learning and Outreach, visual and performing arts practical courses, field courses, internships, leadership development programs, volunteering, international development projects, mentorship and community outreach. U of T Scarborough is the campus for those students who learn best by doing.

**Unique Degree Options**

One of U of T Scarborough’s academic strengths is the focus on combining credentials for maximum impact. Students can pursue their U of T degree with a diploma/certificate from Centennial College in journalism, paramedicine or new media studies. Combined degree programs allow students to combine a bachelor’s degree concurrently with master’s studies. A brand new BBA/BSc double degree combines management with quantitative finance for a powerful new credential. These programs give students the theoretical foundation, critical thinking, analytical and technical skills needed for today’s knowledge economy.

**Co-op Program**

U of T Scarborough is the only U of T campus that offers formal co-op programs in the arts, sciences and management. Leaders in co-op education for 40 years, U of T Scarborough’s co-op programs give you on-the-job learning within full-time, salaried work terms in industries, organizations and businesses relevant to your field of study. co-op programs let you spend two to five semesters (dependent on program of study) in professional workplaces at a wide range of reputable employers. A U of T Scarborough co-op education provides the skills, knowledge and expertise to secure rewarding positions with outstanding employers after graduation. It also serves as excellent preparation for graduate school and professional programs.

**Co-op Employers**

Through co-op, you can gain work experience with top employers across Toronto, Canada and the world. Here are some recent examples of our co-op program employers:

- BMW Canada
- Canada Revenue Agency
- Centre for Addiction and Mental Health
- CIBC
- Deloitte
- Griffith Laboratories Canada
- Health Canada
- Hydro One
- IBM Canada Ltd.
- Merrill Lynch Canada
- Ministry of Economic Development and Trade
- Ministry of Environment
- Ministry of Finance
- Ministry of Health and Long-Term Care
- Ministry of Training, Colleges and Universities
- Morneau Shepell
- Ontario Teachers’ Pension Plan

- Working Skills Centre

>**Start**

When you apply to U of T Scarborough, you will choose one of our broad admission categories. We’ll begin making offers of admission starting in February and until late May. If you are not admitted into a specific program or are not yet sure what you want to study, you have plenty of time to figure it out! This is because we only ask you to confirm your specific program(s) of study at the end of your first year. This is possible by taking a mix of courses in your first year that prepare you for a variety of programs. Complete admission requirements to all of U of T Scarborough programs are available at uoft.me/uoftscarborough.
TAKING YOU FURTHER

Beyond Undergraduate Studies.

U of T offers many professional and graduate programs that give you the option to explore studies beyond your undergraduate degree. While some programs require university preparation, others require a university degree. See facility websites for specific admission information.

Art, Architecture, Landscape, and Design
The John H. Daniels Faculty of Architecture, Landscape, and Design (Daniels) focuses on interdisciplinary training and research to test the limits of 21st century design.

Length of Program: Varies
Phone Number: 416.946.3837
Information: uoft.me/daniels
A complete university degree required

Biomedical Communications
A Faculty of Medicine program, Biomedical Communications offers an interdisciplinary graduate program in the design and evaluation of visual media in medicine and science.

Length of Program: 2 Years
Phone Number: 416.946.4849
Information: uoft.me/biomedcomm
A complete university degree required

Dentistry
Consistently ranked among the top programs in Canada, U of T’s Faculty of Dentistry is renowned for innovations in biological and clinical research, affiliations with leading health care centres and enriching student outreach programs.

Length of Program: 4 Years
Phone Number: 416.389.3852
Information: www.dentistry.utoronto.ca
Some university education required

Education
The Ontario Institute for Studies in Education is an all-graduate institute. We offer programs in curriculum, teaching and learning; applied psychology and human development; leadership, higher and adult education; and social justice education.

Length of Program: Varies
Phone Number: 416.978.4300
Information: uoft.ox.acad
A complete university degree required

Forestry
The Faculty of Forestry offers an innovative, interdisciplinary course-based Master of Forest Conservation program, which is accredited by the Canadian Forestry Accreditation Board and includes a three-month internship and opportunities for international study.

Length of Program: 16 months
Phone Number: 416.946.7362
Information: uoft.me/forestry
A complete university degree required

Information
The School develops professionals, grounded in practice, policy and research, in the fields of information, knowledge management, digital communication and curation, libraries, archives and museums for the 21st century.

Length of Program: Varies
Phone Number: 416.978.7211
Information: uoft.me/gisalab
Two years of full-time university education required for admission to the Bachelor of Information. A complete university degree required for admission to graduate programs.

Law
