PROGRAMS OF STUDY: ARTS, SCIENCE & BUSINESS

Admission Considerations

All programs require English (Mathematics (Calculus) is required for programs with Mathematics prerequisites). The admission selectivity is based on your program’s academic performance, including results in prerequisite subjects, plus recommended supplementary or profile information (if requested) admission in competitive and subject to space availability. Details about admission requirements pertaining to your educational background are available at [utsc.utoronto.ca/admissions](http://utsc.utoronto.ca/admissions) and [utm.utoronto.ca/future](http://utm.utoronto.ca/future).

For details, visit

TUITION FEES 2018-19

The cost of attending a university varies depending on your program of study and place of residence during the academic year (September through April).
HOW TO APPLY

Applications wishing to be considered for admission to the University are submitted to the University of Toronto Student Admission and Services Centre (USSC) using the "105" application. Applicants who are interested in applying should visit the USSC website to learn about the application process. If you are already studying in Canada, you may apply by the University of Toronto Canada Study Permit Application (UTSCPA).

For more details about application procedures and deadlines, visit our website at studentadmissions.utoronto.ca.

We encourage you to apply before the deadlines listed below.

APPLICATION DEADLINES

Complete applications for admission will be considered on an ongoing basis starting in January. Applications that become complete after December will be reviewed for decisions in March.

For all secondary school applicants: The first round of decisions will be sent in late January. Applicants wishing to be considered for admission should apply to the University of Toronto through the Ontario Universities Application Centre (OUAC) using the "105" application.

Student Permit/Visa

If you are not a citizen or permanent resident of Canada and you plan to study at the University of Toronto, you will need to obtain a student permit/visa. Please refer to the application deadlines listed above and check faculty and program information about application requirements for your degree program.

Centre for International Experience

Admitted students are encouraged to participate in a new international experience program. This program will allow students to fulfill credit requirements and may be able to incorporate paid work experience into the program.

Transfer Applicants

Transfer applicants must meet the minimum admission requirements for their program. Before being considered for admission, applicants must submit a complete application to the University of Toronto Student Admission and Services Centre (USSC) using the "105" application. Document deadlines vary depending on the faculty. Please refer to the application deadlines listed above and check faculty and program information about application requirements for your degree program.

DOCUMENT DEADLINES

Students should review the application deadlines listed above and check faculty and program information about application requirements for their degree program.

Tuition and Incidental Fees

Tuition and incidental fees are subject to change without notice. The Table of Tuition and Incidental Fees below is an estimate of the cost of tuition and fees for the 2018-19 academic year. Costs are generally sent at the same time as our offer of admission. Note: University of Toronto Scarborough and University of Toronto Mississauga share the same campus fees.

The University of Toronto offers a wide range of on-campus housing options for undergraduate students. Housing is not guaranteed and spaces are filled on a first-come, first-served basis. Visit uoft.utoronto.ca/housing for details.

Scholarships

The University of Toronto has scholarships available for international students. Please visit uoft.utoronto.ca/scholarships for details.

For more information about the options above and how to apply, please visit the Finance and Administration website at uoft.utoronto.ca/finance.

UNIVERSITY OF TORONTO

www.utoronto.ca
University of Toronto

THE UNIVERSITY OF TORONTO

Location:

Established in 1827, the University of Toronto is one of the most internationally recognized universities in North America. It is located in the heart of Toronto, a multicultural city of 2.7 million people, one of the most international cities in the world. The University of Toronto has a strong presence in the city, with its main campus in the downtown area and additional campuses in Scarborough and Mississauga.

Campuses:

- **St. George**: The main campus is located in the heart of downtown Toronto. It houses the university's administration offices and is home to most of the university's academic departments.
- **Scarborough**: Located 17 km (17 miles) to the east of St. George in the city of Scarborough. It offers a range of undergraduate and graduate programs.
- **Mississauga**: Located 17 km (17 miles) to the west of St. George in the city of Mississauga. It offers a range of undergraduate and graduate programs.

Additional campuses include:

- **Orillia**: Located in the city of Orillia, 35 km (22 miles) north of Toronto. It offers a range of undergraduate programs.
- **London**: Located in the city of London, 220 km (137 miles) west of Toronto. It offers a range of undergraduate and graduate programs.

The University of Toronto has a strong commitment to diversity and inclusion, with over 30% of its students belonging to underrepresented groups. It is also home to several research centres and institutes, including the Institute for Research in Extraterrestrial Sciences (IRES) and the Centre for Urban and Community Studies (CUCS).

The University of Toronto is a top research institution, with over 8,800 students studying in a variety of fields, including arts, science, business, medicine, and engineering. Its research output is ranked among the top 10 universities globally by the Times Higher Education World University Rankings.

The University of Toronto is also committed to providing a safe and supportive learning environment for all students. It has a dedicated Campus Safety and Security team, and students have access to the Campus Life Centre, which offers a range of services, including health and wellness support, academic support, and career services.

The University of Toronto is a member of the University of the World, a network of leading universities that work together to promote educational opportunities and global collaboration.

For more information, visit: https://www.utoronto.ca/

This is an image of the University of Toronto's campus, highlighting its various academic and non-academic buildings. The image is a typical representation of the university's physical setting, showcasing its modern architecture and green spaces.

The University of Toronto is a world-renowned institution with a long history and a strong international outlook. It has a strong reputation for research and teaching excellence, and its graduates are highly sought after by employers worldwide.

The University of Toronto is committed to providing a diverse and inclusive learning experience for all students. It offers a range of programs and services to support students from all backgrounds, and it is proud to have a diverse community of students, faculty, and staff.

The University of Toronto is also a leader in sustainability, with a commitment to reducing its carbon footprint and promoting environmental stewardship. It has received several awards and recognition for its sustainability initiatives.
UNIVERSITY OF TORONTO

INTERNATIONAL UNDERGRADUATE ADMISSIONS BULLETIN 2019-20

HOW TO APPLY

On an ongoing basis. Learn more at uoft.me/PEYear.

SCHOLARSHIPS & FINANCIAL AID

The Lester B. Pearson International Scholarship at the University of Toronto offer outstanding students from around the world, including international students from outside of Canada, access to a world class education. To apply, you must be an incoming first-year full-time student applying for admission to an undergraduate degree program and have demonstrated exceptional academic achievement.

Scholarship recipients are selected from applications submitted in early January of each year. Additional information is available at uoft.me/peapplications.

Details are available on the Pearson Scholarship website.

Applicants are encouraged to apply for all scholarships of which they are eligible. All applications are processed through the Office of the Dean of Admissions and Financial Aid at uoft.admissions@utoronto.ca.

Details are available at uoft.me/peapplications.

TUITION FEES 2018-19

The cost of attending a university varies depending on your program of study and place of residence during the academic year (September through April).

In Canada, tuition fees for international students are generally sent at the same time as our admission offer. Enrolment in programs and courses is subject to availability. For more information about tuition fees, please visit tuition.utoronto.ca.

Part-Time Work

Part-time work on or off campus allows you to earn extra spending money. Not only is it an excellent opportunity to gain practical Canadian work experience, but it will also allow you to explore your social experience. Part-time work opportunities on campus (through the Work Study Program, for example) are available to international students. Work as Part of Your Experience. Here, you'll find support in your academic development.

Finding Work

The Career Centre has a number of resources to assist you in finding a job or internship. The Centre offers workshops, one-on-one appointments, and online resources. For more information, visit career.utoronto.ca.

See the University of Toronto's Work as Part of Your Experience website for more information.

The Lester B. Pearson International Scholarship at the University of Toronto offer outstanding students from around the world, including international students from outside of Canada, access to a world class education. To apply, you must be an incoming first-year full-time student applying for admission to an undergraduate degree program and have demonstrated exceptional academic achievement.

Scholarship recipients are selected from applications submitted in early January of each year. Additional information is available at uoft.me/peapplications.

Details are available on the Pearson Scholarship website.

Applicants are encouraged to apply for all scholarships of which they are eligible. All applications are processed through the Office of the Dean of Admissions and Financial Aid at uoft.admissions@utoronto.ca.

Details are available at uoft.me/peapplications.

TUITION FEES 2018-19

The cost of attending a university varies depending on your program of study and place of residence during the academic year (September through April).

In Canada, tuition fees for international students are generally sent at the same time as our admission offer. Enrolment in programs and courses is subject to availability. For more information about tuition fees, please visit tuition.utoronto.ca.

Part-Time Work

Part-time work on or off campus allows you to earn extra spending money. Not only is it an excellent opportunity to gain practical Canadian work experience, but it will also allow you to explore your social experience. Part-time work opportunities on campus (through the Work Study Program, for example) are available to international students. Work as Part of Your Experience. Here, you'll find support in your academic development.

Finding Work

The Career Centre has a number of resources to assist you in finding a job or internship. The Centre offers workshops, one-on-one appointments, and online resources. For more information, visit career.utoronto.ca.

See the University of Toronto's Work as Part of Your Experience website for more information.
